

# World rapidly changing

The world is changing rapidly.

- [BRIC countries are building their own private internet](#)
- [China is now the world's largest oil consumer](#)
- [Chase bank starts the first round of US capital controls](#)  
(but it's called 'de-risking')
- Meanwhile, [Yuan trade expanding rapidly](#)
- [US Citizens giving up citizenship at record pace](#)
- US Citizens cannot open Foreign Forex account

Find out what's going on in the world, and what you can do about it, at [Global Intel Hub](#), for only \$10/month.
