THE REPTILIAN CONNECTION

By David Icke

If you are new to my work, the most bizarre information you will find on this site is that concerning the reptilian connection.

I understand that. It is quite something to absorb from our conditioned version of reality. But, then, that is the very point. If you want to keep something from the people, give them a version of reality and possibility that is so far from what is really going on that even if the truth comes to light it will seem far too ludicrous and extreme for most people to believe it.

**Indeed, if you do your job well enough,
the people will laugh at the truth,
call it insane, and**

ridicule anyone who promotes it.

To truly understand how all the information on this site fits together into one coherent whole (which it does), you really need to read my book, *The Biggest Secret*. But for those who have not yet done so, here is some basic background. Please remember, however, that in the book there is an enormous amount of information to support what I am about to say.

When I reached the point some years ago where I had put together the structure through which a few people control the direction of the world (see [And The Truth Shall Set You Free](#)), it was clear that this network of secret societies and covert groups manipulating global politics, business, banking, military, media, and so on, could not have been put together in a few years or decades. It had to go back a very long time.

So I began to trace it back into what we call history. I did this in the knowledge that, for some reason, bloodline and genetics were vitally important to these manipulators, the Illuminati or Illuminated ones - illuminated into knowledge that the public never see.

I followed the trail back comfortably to the time of the Crusades in the Middle East, the 12th and 13th centuries, that kind of period, and on it went far back into the ancient world and pre-history.

There, all over the planet, you find the ancient legends and accounts of "gods" from another world who interbred with humanity to create a hybrid network of bloodlines. The Old Testament, for example, talks about the "Sons of God" who

interbred with the daughters of men to create the hybrid race, the Nefilim. Before it was translated into English, that passage read "the sons of the gods", plural. But the Bible accounts are only one of so many that describe the same theme.

The Sumerian clay tablets, found in what we now call Iraq in the middle of the 19th century, tell a similar story. It is estimated they were buried around 2,000 BC, but the stories they tell go back long before that. The tablets talk of a race of "gods" from another world who brought advanced knowledge to the planet and interbred with humans to create hybrid bloodlines. These "gods" are called in the tablets, the "Anunnaki", which apparently translates as "those who from heaven to earth came."

The ancient accounts tell us that these hybrid bloodlines, the fusion of the genes of selected humans with those of the "gods", were put into the positions of ruling royal power, especially in the ancient Near and Middle East, in advanced cultures like Sumer, Babylon, and Egypt. But it happened elsewhere, also, as you will find, for example, in the amazing information provided on this site by the [African Zulu shaman, Credo Mutwa](#), and in the incredible Credo videos, [Reptilian Agenda](#), parts one and two. He tells the same story from the black African tradition that I have uncovered elsewhere in the world.

The accounts of the "serpent race" in ancient cultures are simply endless wherever you look and the serpent, reptilian, symbolism in relation to the Anunnaki and other versions of these "gods" is equally widespread. We see this in the Bible, for instance, with the serpent in the "Garden of Eden"- a story which clearly comes from the Sumerian accounts, as does the story of Moses in the bulrushes, a story told about a Sumerian king long before the Bible. This is why I found it so astounding when I was told by Zecharia Sitchin, the best-known translator of the Sumerian tablets, that there was no evidence of a serpent race in the ancient world. Of course there is. He also strongly advised me in

relation to the serpent race... "Don't go there". Why, when the evidence, ancient and modern, is so enormous?

From these bloodlines has come the origin of the "divine right of kings", the belief that only certain bloodlines have the god-given right to rule. In truth this is not the "divine" or "God" at all. It is the right to rule from the reptilian "gods" by way of your hybrid genetics.

These bloodlines later became the royal and aristocratic families of Europe and, thanks to the "Great" British Empire and the other European empires, they were exported to the Americas, Africa, Australia, New Zealand, and right across into the Far East, where they connected with other reptilian hybrid bloodlines, like those, most obviously, in China, where the symbolism of the dragon is the very basis of their culture.

These reptilian-human hybrid lines became the political and economic rulers of these lands occupied by the European empires and they continue to rule these countries to this day. The United States of America has been home to hundreds of millions of people since 1776. What's more, these people came from an amazingly diverse genetic pool. And yet, wait for this, the **42** who have become Presidents of the United States are all related!!! Thirty-Three of them alone go back to Charlemagne, one of the most famous monarchs of what we call France. He just happens to be a major figure in the story of these bloodlines and their expansion out of Britain, France, Germany, and elsewhere.

The Rothschilds, Rockefellers, the British royal family, and the ruling political and economic families of the US and the rest of the world come from these SAME bloodlines. This is why the so called Eastern Establishment families of the United States interbreed with each other as obsessively as the European royal and "noble" families have always done. And similar families across the world. It is not because of snobbery, it is to hold as best they can a genetic structure - the reptilian-mammalian DNA combination which allows them to "shape-shift".

You will also see references on the site to "shape-shifting", the phenomena in which witnesses have reported seeing people (most often those in positions of power), transform before their eyes, from a human form to a reptilian one and then back again.

You will find much about this in [*The Biggest Secret*](#) and [*Credo Mutwa*](#) confirms exactly the same experience in black Africa. Once again, ancient and modern accounts support each other. The ancient gods of the Indus Valley, the Nagas, were said to have been able to take either human or reptilian form.

Former US president, George Bush, incidentally, is mentioned more than any other person in my experience in relation to shape-shifting. This is why his son is being brought through in the 2000 presidential election.

Presidents are not **EL**-ected by **ballot**,
they are **SEL**-ected by **blood**.

Al Gore, his "Democratic" opponent in the one-party state, is also from this bloodline. Look almost anywhere in the world in a position of significant power and you will find the same.

The reptilian symbolism you see around you with gargoyles, in coats of arms, in advertising, and so on, is all part of this.

These "gods" could not take over the planet openly because there are not enough of them, so they are doing it covertly by appearing human. Movies like *They Live*, *The Arrival* (the first, not the sequel), and the US television series, *V*, tell the story of what is REALLY going on. I urge you to think about watching these movies to get up to speed if you are new to all of this.

New World Order and conspiracy researchers also have political and religious belief systems to defend and while they uncover one level of the conspiracy, most reject and even ridicule what I am saying about the reptilian connection. That's fine, but unless they encompass this bigger picture they will never, in my view, understand what is truly happening all around us.

As Ghandi said:

"Even if you are in a minority of one,
the truth is still the truth".

And as a result of the waves *The Biggest Secret* has caused, and the new information, experiences, and accounts the book and this website have attracted from all over the world, there is a growing understanding that this apparently bizarre, crazy, story is actually true. That the world may indeed be controlled by reptilian bloodlines that hide behind apparently human form and it is this understanding which pulls together all the apparently unconnected information on this site into a very much connected whole.

Here are some examples:

RELIGION:

If you wish to control a mass population, you have to disconnect them from the true knowledge of who they are and their own infinite potential to manifest their own destiny and control their own lives. You have to persuade them that they are insignificant and powerless so they will live their lives in accordance with that.

This is where religion has been one of the most effective weapons of the Illuminati and the reptilian bloodlines. It fills people with fear of a judgmental God and tells them that unless they believe that the "truth" of all that is can be found in one book or belief system, they are going to hell or will experience other extremely unpleasant consequences.

Different religions have also been wonderful vehicles for dividing and ruling the people through arrogant, self-righteous, inter-religious conflict. The reptilians created the religions for this reason and the key players within them do not even begin to believe the nonsense they parrot to their followers. They just want the population to believe it, so they will be easy to control. This is why you find so many famous "Christian" evangelists, for example, are actually Satanists. Their "Christianity" is just a smokescreen.

MEDICINE AND MEDIA:

The suppression of the true knowledge of healing and the domination of drug and surgery-based "medicine" ensures that the human physical body operates at far less than its optimum potential. This is the reason for the blatant misrepresentation and suppression of the so-called "alternative" forms of healing which have been around for thousands of years longer than modern "medicine".

Food additives, fast food, flouride in the water supplies, the poisons we put on the land and therefore eat in our food and drink in our water, are all suppressing not only our physical health and vibrance, but, most crucially, our brain functions and intellect. A fully awake, mentally sharp, population is the last thing you need if you want to control them. Thus the reptilian bloodlines also put so much emphasis on controlling "education" and the media. This allows them to feed us a constant diet of brainless crap, like game shows, while the "news" media tells us what the controllers want us to think. Most journalists are so brain-dead themselves, so lacking in understanding of what they are part of, that they, like most of the population, play a part in advancing an agenda they do not even know exists.

MIND CONTROL

This is obviously very related to religion, which is, for me, the greatest form of mass mind control yet invented. So is advertising and television. But mind control goes much deeper than that. The Illuminati-reptilian mind-control projects have produced literally millions of mind-controlled robots in endless

walks of life, who are programmed to carry out the Illuminati agenda.

There are many electronic ways that this is done today, but one of the key methods is trauma-based mind control. This is where people are traumatised through sexual abuse, violence, being forced to witness and take part in human sacrifice rituals, and countless other horrors. Such experiences activate the mechanism in the mind which shuts out memories of extreme trauma.

One expression of this, which many people have experienced, is when they cannot recall the memory of a bad car crash. They can remember before and after, but not the impact. The mind puts an amnesic barrier around the memory so we do not have to keep re-living it. This is a good thing, but the Illuminati have developed methods of using this technique to traumatise a mind over and over until it fragments into a honeycomb of disconnected amnesic barriers. They then program these different fragments of mind (altars as they call them) with different tasks. The tasks are pre-programmed to be activated with a "trigger" word, colour, sound, or whatever. Once the trigger is given that programming locks in and the person will do whatever they have been programmed to do.

This can be to have sex with a famous politician, which they will not remember; to assassinate someone like John Lennon; to go crazy with a gun in a school, which leads to gun control etc. The concentration camps of Nazi Germany under the supervision of the "Angel of Death", Josef Mengele, were one of the major centres for such experimentation. Mengele was taken to the United States and South America after the war by the Illuminati under the name Doctor Green or Greenbaum to continue his horrific "work". This manifested as the notorious mind-control project, MK Ultra. The China Lake Naval Weapons Center in the California desert was one of his premier bases of operation.

The most effective time to start this process of creating human robots is before the age of five or six. Hence you have the colossal child abuse networks and the Satanic ritual abuse of children exposed on this site and in my books.

THE ABUSE AND SATANIC RITUAL ABUSE OF CHILDREN, AND HUMAN SACRIFICE CEREMONIES IN GENERAL

Staggering as it may seem, all of the above are massively widespread all over the world. It is happening in your community now, I don't care where you are. I, and others, have been highlighting this for years and now, as you will see on this site, the scale of it, and the famous people involved, are coming to light at last.

Partly these rituals and abuse networks are to do with traumatising people, especially children, but it is far more than just that. Follow the Illuminati-reptilian bloodlines from the ancient world to now and they have ALWAYS taken part in human sacrifice ceremonies and blood-drinking. The sacrifices to "the gods" in the ancient accounts were literally sacrifices to the reptilians and their hybrid bloodines. The story of the blood-drinking Dracula is symbolic of these reptilian "vampires". One of the locations of this reptilian group would appear to be the star-system known as Draco and "draconian" certainly sums up the Illuminati.

To hold their human form, these entities need to drink human (mammalian) blood and access the energy it contains to maintain their DNA codes in their "human" expression. If they don't, they manifest their reptilian codes and we would all see what they really look like. "Oh, my God, Mr. President, do you always eat your breakfast from across the room?"

From what I understand from former "insiders", the blood (energy) of babies and small children is the most effective for this, as are blond-haired, blue-eyed people. Hence these are the ones overwhelmingly used in sacrifice, as are red-haired people also, it appears.

This is why people like George Bush, Henry Kissinger, and a stream of the other Illuminati "big names" are exposed in my books and on this site as reptilian shape-shifters who take part in human sacrifice and blood drinking. The two go together. There also appears to be a very significant emphasis among the Illuminati-reptilians and their offshoots with paedophilia, which is rampant on this planet.

SEE A LONG LIST OF ARTICLES AND NEWS STORIES ON THIS SITE FOR MORE ON THESE SUBJECTS.

I would emphasise also before I end here that I am exposing certain reptilian GROUPS behind the Illuminati, not the reptilian genetic stream in general. There are many of reptilian origin who are here to help humanity to free themselves from this mental and emotional bondage. Indeed, every one of us has a body with much reptilian genetics, including part of the brain called the R-complex, the reptilian brain. It is merely a matter of degree.

I trust this brief summary will help you to see the relevance of all the articles and information you will find on this site. In the end all these apparently unconnected "conspiracies" are part of **ONE** conspiracy designed to introduce **ONE** agenda. The **reptilian control** of Planet Earth and its entire population.
