

TYPES OF ALIENS

- **AGHARIANS** - (or Aghartians)

A group of Asiatic or Nordic humans who, sources claim, discovered a vast system of caverns below the region of the Gobi desert and surrounding areas thousands of years ago, and have since established a thriving kingdom within, one which has been interacting with other-planetary systems up until current times.

- **ALPHA-DRACONIANS**

[Reptilian beings](#) who are said to have established colonies in Alpha Draconis. Like all reptilians, these claim to have originated on Terra thousands of years ago, a fact that they use to 'justify' their attempt to re-take the earth for their own. They are apparently a major part of a planned 'invasion' which is eventually turning from covert infiltration mode to overt invasion mode as the "window of opportunity" (the time span before International human society becomes an interplanetary and interstellar power) slowly begins to close.

They are attempting to keep the "window" open by suppressing advanced technology from the masses, which would lead to eventual Terran colonization of other planets by Earth and an eventual solution to the population, pollution, food and other environmental problems. Being that Terrans have an inbred "warrior" instinct the Draconians DO NOT want them/us to attain interstellar capabilities and therefore become a threat to their imperialistic agendas. Refer to [Els](#)

- **ALTAIRIANS**

Alleged Reptilian inhabitants of the Altair stellar system in the constellation Aquila, in collaboration with a smaller Nordic human element and a collaborative Grey and Terran military presence. Headquarters of a collective known as the "Corporate", which maintains ties with the Ashtar and Draconian collectives (Draconian). ([Ashtar Command](#))

- **AMPHIBIANS**

Similar to the Saurians or Reptiloids, yet being hominoid creatures with reptilian AS WELL AS amphibian-like features and are semi-aquatic in nature. May have once lived on land, yet became more aquatic over the centuries. 'They' have been encountered near swampy regions, rivers, etc., and have been known to attack people without being provoked. It is interesting that some types of Greys AND Reptiloids are believed to be semi-aquatic, having webbed fingers and toes (Draconian).

- **AMOEBALIKE CREATURES** over polar regions of the earth.

No name that I can find. These have shown up periodically over the last ten years. NASA is working on this. Every time they've been detected, all kinds of strange illnesses break out. They don't know how they can stay alive and be in outer space

- **ANABUA - SCULPTURE BY CYNTHIA CRAWFORD** - <http://etsculptor.com/Anabua.html> When I first made the Anabua Being it was after have a very unusual woman appear in front of me who looked like an Eagle covered with human flesh. When she walked out of the

room, I followed after - only to see that she had vanished. A month later a man in Native American clothing with this same facial features walked down an aisle at a conference near my display of sculptures. Same thing happened, he, too, vanished when he left the room. My guides gave me this information: We are the Anabua, the feather tribe of beings you call the Eagle. We came from the Orion Star system and have been on Gaia, Mother Earth, longer than mankind has existed. We are the balance of nature, eating only that which sustains us. But human's greed has cut down and burned the forest, replacing it with cold, lifeless structures while defacing its natural beauty. Man's greed that has led to wars and he will eventually annihilate not only himself but all life on Earth, leaving behind a barren planet. We shape-shift now to walk amongst you, to look you in the eye and be your reflection; to awaken you before it's too late. We plead, put back the Earth the way you found it; live amongst us in peace the way you once did; stop your foolish ways before there is nothing left to save. We cry for the planet Earth and not for the human race.

-

ANAKIM, THE (also referred to the 'Els', short for 'Elder Race' or simply as the 'Giants') Referred to in ancient Hebrew tradition, this race is allegedly tied-in with a branch of ancient humans who broke-off from mainstream humanity because of their vast size which had developed over the centuries, possibly as a result of a genetic anomaly. They are said to range anywhere from 9-11 ft. and in some cases even 12 ft. in height, although in configuration they are remarkably similar to 'International' humans. Are said to possess a means of molecular condensing and expansion which allows some of their kind to mingle among humans on the surface. They have allegedly been encountered in deep and extensive cavern systems below the western part of North America, as far north as Alaska, as far south as Mexico, and as far east as Texas. They are believed to have interstellar traveling capabilities

- **ANDROMEDANS**

The [Andromedan Council](#) has ordered all extraterrestrial presences on the planet, in the planet, and on the moon to be completely out of our space. They want everything that's ET,

benevolent or not, off the planet. This will be very interesting since there are over 1,833 reptilians living in our planet and over 18,000 grays living underground and on the moon. The council would like to see how we will live with each other when we are not being manipulated by ETs, as we have been for the last 5,723 years

- Excerpted from: poa: Nidle

Member Name: Andromedan Star Nations.

Accepted into the Galactic Federation: Approximately 3.5 million years ago.

Location: The Constellation of Andromeda.

Distance From Earth: Approximately 150 to over 4,000 Light Years.

Life Form Type: Humanoid.

Physical Appearance: Humanoids similar in appearance to Earth humans. They usually wear the traditional multicolored Galactic Federation jump suits. Andromedans consist of two basic Earth human types:

The first is a Caucasian that ranges from a so-called “Nordic” type (blonde hair, blue eyes, pale skin), to a “Mediterranean” type (light to dark brown hair, gray to brown eyes, tanned-looking skin).

The second is a typical Oriental, with dark hair, dark Asian eyes and a skin color that varies from very pale brown to a dark shade of brown.

The eyes of all Andromedans are slightly larger than those of Earth humans. The lips are thin and colored almost a light pink, while the ears are fitted slightly lower on the side of the head and are slightly smaller in size. The hands and the feet are delicate in appearance with long fingers and toes.

The men vary in height from 5 feet, 7 inches to almost 7 feet (1.7 to 2.12 meters). The women range from 5 feet, 4 inches to almost 6 feet, 4 inches (1.63 to 1.93 meters) high. Andromedan women are noted for their alluring energies and their quite buxom figures.

Special Traits and Abilities: Andromedans are noted in

the Galactic Federation for their mastery of all forms of scientific endeavor.

Average Amount of Sleep Needed: About 2 hours per day.

Language: Andromedans speak a language whose dialects vary from a Spanish- or Italian-like sound, to one that is more tonal and guttural in its intonation.

Mother Ship and Other Craft: Andromedan ships range in shape from their traditional sombrero- shaped scout ships that measure some 50 to 65 feet (15 to 20 meters) across, to lens-shaped small atmospheric command ships that are up to a half mile (805 meters) in length

- **ANUNNAKI**

- **Nimrod and Iraq**

Nimrod was a worshipper of Anu. Nimrod unlike Abraham did not believe in an unseen deity. Nimrod wanted Abraham to worship Anu, The Most High known as ELYOWN ELYOWN EL. Nimrod was the founder of the city of Babylon, and his most renowned architectural influence was the construction of the Tower of Babel. Nimrod also had a city named in honor of Anu. It was to be called Calneh or Kalneh (Genesis 10:10), meaning “fortress of Anu.”

It used to be an ancient city in Babylon, Mesopotamia. Calneh is often associated with Nippur, which is one of the seven cities that was inhabited by the agreeable Anunnaqi. Nippur was also known as Kodesh. It was originally called “Nibruqi” meaning “Earth place of Nibiru.” It was the city of Enlil, the Anunnaqi Eloheem, son of Anu and Antum. Not only was Calneh one of Nimrod’s cities, there was Babel or Babylon, the ancient site and capital of Babylon near the Euphrates. Erek a city 40 miles northwest of Ur, toward Babylon on the left bank of the Euphrates; and Accad or Akkad – a city in North Babylon and a part of the district around it are all a part of the land of Shinar called by many “The Country of Two Rivers,” literally meaning “plains of the flatlands.”

In the land of Shinar, today called Iraq, is the place where the Ancient Sumerians came to set up an advanced civilization where you’d find pictograph cuneiform writings.

- **ANTARCTICAN**

This is allegedly a secret area of operations for both human and reptilian beings. It is said by some that Aryan-Nazi scientists actually developed disk-shaped aircraft capable of very advanced aerial

performance, and that swastika's have been seen on a few aerial disks. They may be piloted by a 'pure-bred' blond, blue-eyed Aryan race. There appears to be more than one 'Blond' human society involved in the UFO scenarios, and especially subterranean human societies may have developed 'blond' hair due to lack of sunlight. There does not seem to be anything more than a peripheral connection between the Antarcticans, the Telosian and the Pleiadean 'blondes' (i.e. we will refer to the Antarcticans as the 'Aryans'; the Telosians as the 'Blondes'; and the Pleiadeans as the 'Nordics' in order to discourage confusion).

The Antarcticans may consist largely of 'batch consigned' pure-bred blue-eyed, blond Aryans who became victims of Hitler's obsession to create a super race, and as suggested by Harbinson and others most of these may be controlled through mind manipulation and implants, being 'human drones' who are used to keep this hidden society functioning. A massive joint humanoid-reptiloid underground system called the "New Berlin" is said to lie below the mountains of Neu Schwabenland, Antarctica. It is said by some sources that this joint human-alien force has spread terror through this sector of the galaxy, conquering and committing untold atrocities against the peaceful inhabitants of other worlds.

The famous abductee Barney Hill who along with his wife Betty was abducted by "Zeta Reticulan Greys" in 1961, stated under regressive hypnosis that he had encountered an evil-eyed "German Nazi" working with the Greys on board the craft. It is claimed that the original "treaty" with the Greys was established by the Bavarian Thule and Illuminati societies as early as 1933, and this collaboration was brought into America via the CIA, which was established with the help of American Nazi fifth column agents as well as European Nazi's who were brought into America through Project Paperclip and other operations

- **ANT PEOPLE - 5 Feet tall. Chris O'Brien - Mysterious Valley - with the Hopi - live in the Inner Earth in dense. Have crab claws on their hands and feet. They have antennas on their heads. They pick up frequency and thats how they recognize people. (We always carry the same frequency from life time to life time) Their only purpose is to take people to the inner earth when the earth is shaken. (Mother Earth is a sentient being. She is going to shake many people off of her back and the negativity) The world is going to split and become two worlds. There will still be a 3rd density world, but the other earth will be a higher density.**

- **ARCTURIANS**

- Arcturus is one of the most advanced civilizations in our entire galaxy.

-Edgar Cayce

Further Information [Here](#)
Excerpted from POA: NIDLE

Member Name: The Arcturian Confederation.
Accepted into the Galactic Federation: Approximately 3.75 million years ago.
Location: The star Arcturus in the Constellation of Bootes.
Distance From Earth: Approximately 36 Light Years.
Life Form Type: A horse-like sentient Being.

Physical Appearance: Arcturians are a highly sentient mammaloid species that closely resemble a horse. The body is rather tall and slender with a somewhat stylized horse's head. The skin ranges in color from a vanilla shade to a very dark brown. Arcturians possess a mane on the back of the neck and head and an extremely thin tail that is only slightly reminiscent of that of a horse.

The hands end in 4 fingers that are very long, supple and extremely thin. The arms, legs and body have a very muscular appearance. The Arcturian's eyes are much bigger than those of Earth humans and are either pale blue or dark brown in color. The ears somewhat correspond to those of a horse, but they are smaller and more rounded than those of their earthly counterparts.

In size, Arcturian males range in height from 7 feet to almost 8 feet 6 inches (2.31 to 2.64 meters). Females vary from just below 7 feet to about 8 feet 2 inches (2.11 to 2.49 meters) tall.

Special Traits and Abilities: In the Galactic Federation, Arcturians are noted for their mastery of time (galactic calendars, etcetera) and their exceptional abilities in science and philosophy.

Average Amount of Sleep Needed: Usually 1 to 3 hours daily.

Language: Arcturians speak a tonal language that sounds similar to Chinese or Vietnamese.

Mother Ship and Other Craft: Arcturian ships range

from a diving bell-shaped scout ship that varies from about 40 to 75 feet (12.2 to 22.9 meters) in diameter, to a lens-shaped planetary command mother ship that is over 14 miles (22.5 kilometers) in length.

There is a 11th Dimensional Arcturian group, call them those related to the Oversoul of the Arcturian race. Some (by example former Joshua Stone of the I AM University) called them the Elders and gave them a description as if they have wings. In my humble opinion these are not wings but more circles of light.

The 5th D Arcturians are blue skinned, do have big almond eyes and do not have hair. They belong to a group mentality, however can act as a individual. They are highly analytical but their analyses are fully intergrated with the highest order of what is for them emotionality...en-lightened-love.. They are healers but different in one way than the doctors of Andromeda.

When I worked with the Galactic Federation doctors I saw the Arcturians used sometimes strange light tubes however the Andromedans only used light techniques. The 5th D. Arcturians are not tall. I think 5 feet is their size. They have 4 fingers and they do not have long fingers like the Zetis have. The top of their fingers are more round. [Cynthia Crawford](#) has a sculpture of an Arcturian that comes very close to what is my impression. Despite what people might think about the work of Anna Hayes aka Ashayana Deane her drawing of an Arcturian is also close.

Anna Hayes states: Human looking Pleiadian-Human-Nibiruian-Anunnaki hybrid "Blondes"; Nibiruian-Sirian Nephilim Anunnaki-humans (Sirian-Anunnaki); Andromite and Arcturian "Dolphin People" and from inner Earth,

- **ATLANS**

These are humans, usually described as being benevolent by comparison to other groups, who are said to inhabit vast and complex cavern-cities beneath southern Brazil and surrounding regions. The term '[Atlantean](#)' or '[Atlan](#)' in reference to these races, has been placed upon them because of the fact that these cavern networks along the east coast of Brazil were reportedly once a part of the antediluvian 'Atlantean' empire. The present

inhabitants have no direct GENETIC relation to the ancient 'Atlantean' society which is said to have controlled these cavern systems several millennia ago, but are referred to as 'Atlanteans' simply because they are descendants of those who re-discovered and inhabited the ancient Atlan installations. As in North America and other continents, both common and gnome-like humans have been encountered here, some of which possessed advanced aerial or 'disk' technology. The Telosians claim to have some connections with South America, especially the Matto Grosso region where a sister city named POSID exists in a large cavern system underground.

-
- **BELLATRICIANS: (FROM POA:NIDLE**
-

Member Name: Star nation of Bellatrix. Former member of League of Orion and this sector's Headquarters for the former Alliance.

Accepted into the Galactic Federation: Three years ago.

Location: One of brightest stars in Constellation of Orion; it is the bright star found just to the right and above Belt of Orion.

Distance From Earth: Some 112.5 Light Years.

Life Form Type: Major species is Dinoid-Reptoid hybrid. Migrated from Constellation of Sagittarius about 25 million years ago.

Physical Appearance: Very scaly and bony. Upper head is surrounded by large bony crest. Large red or dull yellow eyes (that resemble those of Earth's reptiles) are set forward just above, and to either side of, very small nose. Mouth has thin lips that run from one side of head to the other. Ears are non-existent: only sign of them is extra-smooth, 3-inch (7.62 cm) circle on either side of head and just behind eyes. Skin is scaly like a crocodile, and green, yellow, brown or red in color. Small bony crest runs up middle of the back and is connected to larger crest found on top of head.

Being is bi-pedal. Thin hand has six long, clawed fingers. Feet have five toes ending in small, very sharp, claws. Very small tail, thick like a crocodile's, extends only to the feet. Male is shorter than female. Males range in height from 8 to 10 feet (2.44 to 3 meters): females are 8.5 to 10.25 feet (2.6 to 3.12 meters) tall.

Special Traits and Abilities: Noted for great diplomatic and leadership skills. In charge, for past six million years, of all the former Alliance's forces for this sector of the Milky Way Galaxy.

Average Amount of Sleep Needed: 5 to 8 hours.

Language: Very coarse and guttural; filled with deep growling and hissing noises.

Mother Ship and Other Craft: Scout craft look like dew drops and like beetles; they vary from 100 to 400 feet (30.5 to 122 meters) in length. Mother ships range from 1 to 400 miles (1.6 to 640 Kilometers) long and look like large tadpoles.

IDENTITY OF THE ALIEN: The name of the creature involved in "The Gate 3 Incident" was an Archquloid. A-R-C-H-Q-U-L-O-I-D The alien is described as one of the "Big Nosed Grays." It was a 5' 6" tall, gray or tan being with large, black, slanted eyes and a mushroom-like head, with four (4) long fingers. They have yellow eyes with vertical pupils and very large, beaked noses. They are genetically engineered by the Ebens [cloned?] and were given to the U.S. Government for observation/examination/study by the Ebens.

- **BERNARIANS**

Inhabitants of the '[Bernard's Star](#) system. Although not much has been written about them, it seems that human beings at least in part control this star system, along with "[The Orange](#)". Whether the Saurians have any influence or not is uncertain, however some sources indicate a possible collaboration similar to that within our own [SOL system](#).

- **BOOTEANS**

Reptilians from the '[Bootes](#) system. These, AND reptilian entities from the '[Draconis](#) system are allegedly involved with [the 'Dulce' scenario](#) as well as the infiltration- implantation- control of human society on earth in anticipation of their planned takeover at some point in the future (Draconian).

- **BLUE PEOPLE**

The Cherokee tell of a story of a race of people that were blue skinned that they came upon when they entered the lands of Kentucky.

They bragged over wiping them out, but we have recently found out that this may not be the case and they still may exist in the tunnel and cave systems of Kentucky and surrounding areas.

To find out more on this ancient race go [HERE](#).

Another type of blue beings came to the Earth vicinity, which we called blue blogs - they had arms and legs but didn't use them all the time. To motivate across the floor - they unulated like a snail does. They were at least nine feet tall and nine feet wide. The reason they came here was that their God (not our God) told them to conquer earth for religious reasons.

- **BURROWERS**

Another mutation of the saurian or serpent race that is capable of burrowing through the earth. Possibly quadrupedal as well as be-pedal, these have been known to use their natural 'boring' abilities to create artificial tunnels like moles, or even spontaneously produced 'cave-ins' (the latter has allegedly been used in attempts to entrap or kill unsuspecting intruders into the underground domains). These may possess a highly-developed 'bio-sensing' system.

- **BUTTAHS**

Being that dwells in spiritual darkness. The person may be intellectually developed. The Buttah are normally associated with nightmares, abductions and the taking of small children. They usually come around at night. The Grey aliens who do abductions falls into this category. The Reptilians are also part of this group. They are usually not very physically attractive. Apparently long ago there was a visitation long ago by Buttahs called Wacshashas who were negative, powerful, aggressive beings.

CENTURIANS: FROM POA: NIDLE

Member Name: The Great Star Union of Centaurus.

Accepted into the Galactic Federation: 1.1 million years ago.

Location: The Constellation of Centaurus is located between the constellations of Lupus and Vela. It is best known for its brightest star, the triple star system of Alpha Centauri (also known as Rigel Kentaurus). One of its triple stars is Proximi Centauri, which, at 4.3 Light Years, is the closest known star to Earth.

Distance From Earth: 4.3 to over 1,000 Light Years.

Life Form Type: A humanoid and a reptoid species.

Physical Appearance: The humanoid Centaurian closely resembles those humans now found on Earth. The male is very muscular and well-proportioned with blonde, brown, black or red hair. The eyes are either slightly Asian in shape, or are rounded, and are brown, black, blue, green or hazel in color. In height, males vary from nearly 6 feet to almost 8 feet (1.8 to 2.4 meters). Their skin color can be either a very dark brown or a slightly tanned white color. The female is also well-proportioned but less muscular, and ranges from 5 feet 5 inches to almost 7 feet (1.65 to 2.1 meters) tall.

The reptoid Centaurian has a very scaly lizard-like and muscular body. Its skin color is in patches of either green and blue, or red and green. The hands are narrower than a human's and contain six digits which end in a razor-sharp, curved claw. The eyes are rounded and bulging with a reptoid-like vertical slit, and are either bright red or golden in color. There is no tail, but the feet have five long toes ending in the same curved claw. The female, at just under 8 feet (2.4 meters), is slightly taller.

Special Traits and Abilities: Centaurians are known for their abilities as great strategists and Federation Liaison Counselors. They excel at bringing groups of diverse sentient Beings together and at achieving their goals in a most peaceful and harmonious manner.

Average Amount of Sleep Needed: 2 to 4 hours.

Language: Humanoid language is quite guttural like German, but tonal-sounding like Chinese. Reptoid language is extremely guttural and filled with sounds that are difficult for most humans to replicate.

Mother Ship and Other Craft: Centaurians have two types of ships visible in Earth's skies. The first ship is an all-purpose scout. It is bell-shaped, with a large lens-like circular wing attached to its underside. It is about 45 feet (14 meters) in diameter, and nearly 30 feet (9.1 meters) in height. The second is a command ship, shaped like a cigar with a small bulge in its middle, and is approximately 200 feet (over 60 meters) in length.

- **CETIANS** - (or Tau Cetians)

A human race of 'Mediterranean' or 'South American' appearing, tan-skinned humans. Very similar to Caucasian humans on Terra except for SLIGHT differences (slightly pointed ears, higher physical 'density' for their size, slightly broader nose, 5' 5" tall on average, and often wear short 'Roman' or 'crew' style haircuts). [Tau Ceti](#) and [Epsilon Eridani](#) are said to be a major 'convergence' of exterran 'human' activity, and are said to be in alliance with the Pleiadeans (who in turn, according to contactees, have 'Federated' alliances with [the Vegans](#), [the Ummites](#), and others.). The Cetian alliance with the Pleiadeans and 'other' societies who have been 'victimized' by the 'Grey' predators is based on a desire to establish a common defense against their reptilian nemesis.

- **CHAMELEON**

Reptilians genetically bred to enable themselves to appear 'human'. Also less-humanoid appearing Reptiloids who use a form of technosis, molecular shape-shifting and/or laser holograms to produce an outward "human" appearance. Reports of these have surface from underground joint-operational facilities near [Dulce, New Mexico](#); Dougway, Utah; Groom Lake, Nevada; Deep Springs, California; and Fort Lewis, Washington and elsewhere. They are reportedly involved in some type of infiltration agenda. These 'infiltrators' can appear remarkably human outwardly, however at the same time retaining reptilian or neo-saurian internal organs. Often described as appearing 'bulge-eyed' with scaly, hairless skin behind their 'disguise'. One report alleged that the 'Chameleons' may utilize artificial 'lenses' to conceal "slit-pupiled iris". Some claim they are genetically bred 'mercenaries' who are part of an advanced guard of a planned silent invasion-takeover of human society.

- **DEROS**

An underground species. Some believe them to be human while others see them as non-humans. These are the beings from which comes our legends of leprachauns and trolls. Unlike the Teros, this 'little' beings are considered 'demented' and cannot be trusted. The Teros try to keep them under control and keep them from having excessive power. The Deros live in underground tunnels, cities and under the sea.

This group of insane cave dwellers were called Sumuwnean meaning "the obese ones," or Saamiym, and Abandonderos or as they are called today "Deros," which is a combination of the words "detrimental" and "robots." These Sumuwneans or Deros really exist. Their Chief is Yabahaan. The Sumuwneans are constantly in conflict with the group of beings called the Duwaanis who hold the same belief, that they too will take over the planet one day. They are born by hatching from eggs that are four to six feet in diameter. They grow to seven feet and are extremely obese. The Deros who live in the caves are degenerated so much that, they don't have much intelligence. They have two stomachs and their digestive system is the same as that of a cow.

Deros and cows both chew the cud, meaning when they eat, they chew their food and it goes through the initial stages of digestion where it reaches a large sac that is before the true stomach. The food is then regurgitated to the mouth for further chewing; this is called chewing the cud. The Deros have no fingernails, toenails, nipples, navel or rectum. Their eyes are silver grey and they glow in the dark. They have blonde eyebrows and a pinkish grey color skin, much like the corpse of a Caucasian, and a pig, having not being exposed to the inner or outer Sun. Other than their eyebrows, they have no hair on their bodies because of a disease called trichotillomania, and are responsible for the diseases trichinosis and trichiniasis. They have no teeth. Their mouth appears to be full of a gummy, slimy substance. They are nocturnal and hear extremely well.

They're not very peaceful and have a strong dislike for human beings. They are very human in appearance, yet far from it. Their noses are long, trunk-like which is very similar to that of an elephant. They contend that the Planet Earth was theirs originally and will be theirs again one day. Many people today who are obese are descendants of the Deros. I'm talking about those people who have a serious weight problem, weighing over 300 pounds, which is abnormal for human beings. It is obviously a hereditary glandular problem and is caused by over active glands. Certain endocrine gland disorders, such as hypothyroidism or tumors of the adrenal gland, pancreas, or pituitary gland, can cause obesity. It is a trait of who they are from, the Deros.

- **DINOSAUROIDS** (Human Dinosaurs...Saurians)

From: The "NEVADA AERIAL RESEARCH JOURNAL" for Summer, 1989.

Re-print a UPI news item which appeared in a Berkley, California newspaper:

- "Dale Russell, curator of fossil vertebrates at the National Museums of Canada in Ottawa, has developed a theory that intelligent life forms could have developed from the large reptiles that roamed the earth (in ancient times).
- "Russell calls his imaginary creature a 'Dinosauroid' which would look like a hairless, green-skinned reptile with a bulging skull, luminous cat-like eyes and three-fingered hands...
- "The amphibians evolved into a humanoid species that eventually developed a culture that ran its course or was destroyed in an Atlantis-like catastrophe--just after they had begun exploring extraterrestrial frontiers. Certain UFOnauts, then, may be the descendants of the survivors of that amphibian culture RETURNING from their space colony to monitor the present dominant species on the HOME planet."

- **DRACOS** (Mothmen)

The leader elite of the Reptilians are the 'Draco'. They even have special 'wings', which are flaps of skin, supported by long ribs. These can be folded back against the body. They are also known as the "Dragon Race" and their symbology usually includes the Winged Serpent. Also known as the Mothmen. There are elements of their species which do not have wings -- the "soldier class" of the species and 'scientists'

- **DRACO-BORGS**

Cybernetic forms controlled by reptilian entities. These would also include those forms which are animated by fallen supernatural or parapsychical entities, whether of 'gray,' 'human-like', 'mechanical' or other configuration. There are some who suggest that human-appearing 'infiltrators' of this type may exist in our society, and that certain characteristics might give them away--i.e. the eyes, a slightly sulfurous smell, unrefined features such as no fingerprints or ears or other 'body' parts which seem to have a slight 'artificial' appearance.

- **DRAGONWORMS**

These creatures are largely subterranean and have been reported on very rare occasions. Although a mutation of the serpent race which lost the use of it's limbs through centuries of atrophication, it is nevertheless apparently a part of the reptilian 'conspiracy'. The 'Dragonworms' are reportedly very intelligent, according so certain sources. 'They' have sometimes been described as appearing similar to a giant reptilian 'worm' or 'slug'.

- **DROPAS**

Humanoid type. Average height 3-4 foot. Crashed on the Sino-Tibetan Border in 10,000 B.C. Tribe of this culture still exists today.

- **DWARFS**

Diminutive humans who have allegedly been encountered in or near caverns in various parts of the world, including northern California and the south-eastern Arizona / south-western New Mexico region and in some in connection to UFO's, although most reported 'dwarf' sightings in connection to UFO's are actually sightings of the saurian 'greys'. These should not be confused with the small 'elementals' or 'nature spirits' which some believe are ethereal in nature yet have the ability to appear in solid or semi-solid form at times.

The Dwarf races are allegedly just as human as surface peoples but average between 3 to 4 ft. in height, although at times they have been seen as small as two feet. As with the 'giants' or 'Els' this diminutivity may have resulted in a genetic anomaly which ran its course due to the separation of their race(s) from the International 'gene pool'. They allegedly live in subterranean systems to a large extent as a 'protective' measure. And as we've said, some allegedly possess 'aerial disk' technology and interplanetary travel capabilities.

- **ELOHIMS**

This is the oldest group of aliens in the universe that we know of. They are the ones that are at war with the Orions, which are the ones that manipulate the Greys. The Elohim are said to be the same as the ANNUNAKIS

- **ELS**

Giants are defined as 'Els', Ei Anakims, based on the mythed 'EL-der Race, tied-in with the ancient Hebrew traditions, Evadamic heritage, having a very tall stature. Nephs or Nephti. Also known as the Titans. Not to be confused with the Elohim

Ei (Could be 'elite') May be from the Orion group with an outpost base inside the Planet Mars.

Some prophesize that there will come a time of a great battle between the Els and the Serpent Race and use Revelations for the reference. REVELATION 12:7: 'Now war arose in Heaven, Michael and his Angels fighting against the Dragon and his Angels...'

The "Book of Enoch" from the Dead Sea scrolls says how these men married Earth women, who bore 'giants 3000 cubits high'. (Note, a cubit is 1 Sacred Jewish inch, so 3000 cubits would be about 250 feet.). These people may have helped build the pyramids.

The Men of Renown - the red and blonde haired Aryan giants of that epoch are dug up today all over the world, including the United States. Red and fawn-haired mummies - 8-11 feet tall. But the words for red and the red haired race have found their way into biblical names - all of the following denote the Race that formerly ran the 'Garden of Eden' Adamites Scythians, Phoenecians - from the root phoinos or blood red. The Garden of Eden in Greek literature - the Garden of the Hesperides - and as Dionysius Periestis once said '... in the Hesperides whence tin comes dwell the sons of noble iberes' - tin comes from south UK at Cornwall. The garden was known as the Fortunatae Insularae, the fortunate isles of Britannides, or Ultima Thule - the farthest land.

- **EVA-BORGS**

Cybernetic forms controlled by 'human' entities. OR humans who have been implanted or surgically altered to such an extent that they have become cybernetic in nature, yet still retaining a soul-matrix

- **FORMALHAUT FROM POA: NIDLE**
-

Member Name: The Confederation of Fomalhaut.

Accepted into the Galactic Federation: A neutral star nation that became a member some 3 years ago.

Location: The brightest star in the constellation of Piscus Austrinus (the southern fish). Piscus Austrinus is found between the constellations of Aquarius and Grus.

Distance From Earth: About 23 Light years from Earth.

Life Form Type: Two members. First, a human rebel group from the Pleiades that first colonized Fomalhaut some 250,000 years ago, and who are now found on Fomalhaut's third and fourth planets. Second, a smaller dinoid-reptoid group from Bellatrix in Orion, that colonized the second planet in this solar system some 200,000 years ago. The two parties created this Confederation after a series of very destructive wars that ended some 20,000 years ago.

Physical Appearance: The first variety of Fomalhaut humans closely resembles the so-called "Nordic" type of ETs, and are usually blonde with very blue, hazel or steel-gray eyes. Men are muscular, and around six feet (1.85 meters) tall. Woman are very buxom and range from 5 feet, six inches to just under six feet (1.68 to 1.83 meters) in height. The second type is darker-skinned and looks almost tanned, with dark hair and brown, gray or black eyes. Same relative height and appearance as the first so-called "Nordic" type.

The Confederation's Dinoid-Reptoid inhabitants are a hybrid originally from the star Bellatrix in Orion. Very scaly and bony. Upper head is surrounded by large bony crest. Large red or dull yellow eyes (resembling those of Earth's reptiles), are large and set forward just above, and to either side of, very small nose. Mouth has thin lips that run from one side of head to the other. Ears are non-existent: only sign of them is an extra-smooth 3-inch (7.62 cm) circle on either side of head and just behind eyes. Skin is scaly like crocodile's and

green, yellow, brown or red in color. Small crest of bony material runs up middle of back and is connected to larger crest found on the top of head.

Being is bi-pedal. Thin hand has six long, clawed fingers. Feet have five toes ending in small, very sharp claws. Very small tail, thick like crocodile's, extends only to feet. Male is shorter than female. Bellatrician-like males on Fomalhaut range from 8 to 10 feet (2.44 to 3 meters) in height: females are 8.5 to 10.25 feet (2.6 to 3.12 meters) tall.

Special Traits and Abilities: Noted for prowess in all scientific endeavors. They now comprise a large part of the personnel of first major Science and Exploration Team sent to Andromeda (some 2 million Light years from our galaxy).

Average Amount of Sleep Needed: 2 to 6 hours daily.

Language: Human language is lyrical but guttural: Dinoid-Reptoid language is much more guttural.

Mother Ship and Other Craft: Human scout ships are ovoid, like water drop about to fall from tap. They range from 60 to 85 feet (18.3 to 26 meters) in diameter. Mother ships look like huge multi-layered cigars and are from 2 miles to 1200 miles (3.2 to 1,920 kilometers) across.

Dinoid-Reptoid scout ships are shaped like huge beetles, approximately 100 feet (30.5 meters) in diameter. Mother ships are shaped like amoeba and are some 8 to 900 miles (13 to 14,400 kilometers) across.

Alien Races G

- **GIZAN** - (or Gizahn)

The 'Gizeh People' have been referred to by the Pleiadians ([Billy Meier](#) contacts) as well as others. This 'may' have some connection with the strange 'people' and technology allegedly encountered in deep labyrinthine recesses beneath Egypt, who were sometimes reportedly seen by explorers, and who are said to dress like 'ancient Egyptians'. There is allegedly, according to Leading Edge Research, a huge cavern deep beneath Egypt which is inhabited by people with close ties with the U.S. 'secret government'. Some sources indicate that the 'Giza People' may be a 'controlled' society with the reptilians being the dominant power, although there is still much mystery as to what the "Gizeh Empire" is all

about.

- **GRAILS**

These are saurian 'grey' type entities which are apparently somewhat taller than the usually-encountered greys yet with extremely thin 'rail-like' torso and limbs yet very strong.

- **GREENS, THE**

Humans of 'normal' size, yet who possess an olive-green skin color. They claim to be from a subterranean or cavernous realms beneath Europe which they refer to as 'St. Martin's Land'.

- **GREYS, THE Zeta Reticulans (See Star Map)**

This is the group of aliens who abducted Betty and Barney Hill in 1958. and these are the ones who have supposedly been doing the majority of the abductions. They are said to have no emotions and little regard for human life .

The dim point of light known to us as Zeta Reticuli is actually a binary star system, and its two stars are each very much like our own yellow sun. It is not visible in the northern hemisphere. In our (Earth) sky, it is approximately equidistant between the constellation Orion and the Celestial South Pole. The constellation Reticulum is a fairly small collection of faint stars, of which zeta is barely visible to the naked eye even though it is relatively close to us at approximately 40 light years ~ right around the corner in Galactic terms.

[\(click below image\)](#)

They 'feed' off of human and animal vital fluids by rubbing a 'liquid protein' formula on their bodies, which is then absorbed through the skin. Like typical reptiles which shed their skins the 'waste' is excreted back through the skin. The Greys range from 3 ½ to 4 ½ ft. tall on the average, with skin colors ranging from gray-white to grey-brown to gray-green to grey-blue. Aside from feeding off of human and animal proteins and fluids, they also allegedly feed off the 'life energy', the 'vital essence' or 'soul energy' of humans as do other reptilian species.

This is why those humans seen working with the Greys (implanted and programmed 'drones', whether willingly or unwillingly) have appeared 'lifeless' and 'emotionless' to the witnesses who observed them. The Zeta's or Greys live in the Constellation "Reticulum" by the Star "Zeta 2 Reticuli" a planet was discovered there and then suddenly taken off the list!

[Further descriptions on Greys](#)

PRIMARY PHYSICAL CHARACTERISTICS OF THE GRAYS:

The larger Grays apparently have some vestigial reproductive capability, and some of the hybrid species that have been cross-bred with the [taller] reptilian species have full reproductive capability. The brain capacity is estimated to be between 2500 and 3500 cc, compared to 1300 cc for the average human. Due to the cloning process, the neural matter is artificially grown brain matter, and the Grays have known technology that enables them to insert memory patterns and consciousness into clones in any manner or pattern that they wish.

The Greys consume nourishment through a process of absorption through their skin. The process, according to abductees who have witnessed it, involved spreading a biological slurry mixture that has been mixed with hydrogen peroxide [which oxygenates the slurry and eliminates bacteria] onto their skin. Waste products are then excreted back through the skin. Many abductees have noted that the Greys have a distinct series of odors...

The larger Greys have a more pronounced nose... According to some government sources, these extraterrestrial biological entities called themselves the EBAN. It is with the larger Grays that elements of the government made a series of diplomatic agreements in the 1950's, 60's and 70's...

MORE ON THE GREYS:

The Greys are involved in the stockpiling of humans [including children] for use as a food source for the Reptilian species [and as a lesser food source for themselves?]....

PHYSIOLOGICAL CHARACTERISTICS OF SOME GREY-REPTILIAN SPECIES -- AUTOPSIED BY UNITED STATES GOVERNMENT:

[Alien Life Form] ALF: Term used by the government to describe the Greys in terms of being a malevolent life form. The deal with the Greys is that their field around their body is different to ours to the point where merging of the fields ends up creating physical symptoms [the "body terror" mentioned by people like Whitley Strieber]. The field around them is in direct opposition to ours. It is an ANTI-LIFE field, as these specific species are on a devolutionary spiral. They are akin to soldiers of fortune, and 'offer' their advanced technology in trade for things they require. They are experts at manipulation of both the human body [through manipulation of the fields] and the human mind. They require blood and other biological fluids to survive.

They abduct humans and animals in order to acquire these fluids. They implant small devices near the brain which potentially gives them total control and monitoring capability. These devices are very difficult to detect. The analysis of the devices by technical staff has produced a description that involves use of crystalline technology combined with molecular circuitry and these ride on the resonant emissions of the brain and the various fields of the human. Information is entrained on the brain waves. It appears that all attempts to remove the implants [1972] have resulted in the death of the human...

(This is usually due in part to the fact that the implants are attached to major nerve centers, and once attached the nerve tissues grow in and around the implant essentially making the implant a PART of the nervous system. When relatively unsophisticated medical procedures are used in an attempt to remove the implants, major nerve centers are damaged as a result, causing severe injury or even death. - Branton)

Various descriptions of the ALF's relate the following characteristics: Between 3 to 3 1/2 feet in height, erect standing biped, small thin build, head larger than humans, absence of auditory lobes [external], absence of body hair, large tear-shaped eyes [slanted approximately 35 degrees] which are opaque black with vertical slit pupils, arms resembling praying mantis [normal attitude] which reach to the knees, long hands with small palm, claw-like fingers [various number of digits -- often two short digits and two long, but some species have three or four fingers], tough gray skin which is reptilian in texture, small feet with four small claw-like toes, organs that are similar to human organs but have obviously developed according to a different [mutational] process; a non-functioning digestive system; two separate brains; movement is deliberate, slow and precise; alien subsistence requires that they must have human blood and other biological substances to survive.

(Other indications suggest that originally they did not 'require' human blood, but once having used human blood for this purpose they have since acquired a racial 'addiction' to this 'vital' substance. This goes far beyond just mere physical hunger, since the Grays/Reptiloids tend to feed off the human life-energies resident within

human blood plasma, in what may be considered a vampirical type of hunger for human vital fluids. - Branton).

In extreme circumstances they can subsist on other [cattle] animal fluids. Food is converted to energy by chlorophyll by a photosynthetic process [this supports results gained from autopsies at 29 Palms underground base where it was seen that their 'blood' was greenish and the tissue was black]. Waste products are secreted through the skin. The two separate brains are separated by mid-cranial lateral bone [anterior and posterior brain]. There is no apparent connection between the two. Some autopsies have revealed a crystalline network which is thought to have a function in telepathic [and other] functions which help to maintain the group-consciousness between members of the same species. Functions of group consciousness in this species does have a disadvantage in that decisions in this species come rather slowly as the matter at hand filters through the group awareness to those who must make a decision...

MORE ON THE GREYS

The Greys are primarily situated as 4th density beings, although there are a small number that are 3rd and 6th density. To 3rd density humans they appear cold, cruel and heartless. They are, in fact, extremely curious about all aspects of existence, highly analytical and devoid of sentimentality. They can experience emotional manifestations radiated from the terrestrial 3rd density human, and use this ability generally as a mood-elevator. The Greys manipulate humans in order to create situations of conflict or extreme pain and emotion to acquire these sensations. They are, in effect, sensation junkies.

The Greys have the ability to pick out our emotions, thoughts and experiences. For them, this is the closest they can come to experiencing feeling.

To those beings who have some form of ethical conduct, the Greys appear psychotic and degrading. They are masters of mind-control and mental implantation technique. Their physical attributes reflect their psychotic souls - we could easily consider them to have anti-social attributes as well as tendencies toward megalomania and schizophrenia.

They have been described by some as being absolutely mad. To make matters worse, they are performing other actions with terrestrial humans that are quite perverse.

The Greys are playing a game with us that depends heavily on maintaining a situation where humans view themselves as limited, fatalistic beings with no control over their own destiny. They continually manipulate humans that is playing the domination/control game.

ALIEN TYPE The Greys.

Of this type there are several sub-types. All tend to appear greyish in color and for this reason are referred to as "greys.

GREY TYPE A:

This is the type most commonly referred to as the greys. Also known as Zeta Reticuli from the Zeta Reticular star system (the Bernard star) neighboring the Orion area. They function in a mode that is apparently military in nature with a rigidly defined social structure that holds science and "conquering

worlds" to be the prime movers. They are normally about 4.5 ft tall with large heads and black "wrap around" eyes. They have limited facial features, slit mouth and no nose to speak of. They have evolved beyond the need for reproductive systems or digestive systems and reproduce by cloning. Their genetics are partly based on insectoidal genetics.

Their science deals largely with the study of other life forms and genetic engineering. They have supposedly had a part to play in the alteration of human genetics over thousands of years. It seems that they may be trying to cross breed with humans in order to create a "mixture race" that would be better than either. (I've read that they are a dying species, that have cloned so much that now, with each successive cloning, the species grows weaker. They are trying to infuse new life into their species by creating the mixed breed.)

There seem to be two main social classes. One is the more hawkish and is more abrupt, crude and blunt. The more dove-like ones are more refined and capable of a more business-like behavior towards humans, and prefer to use more

"diplomatic" behavior to gain control over human's. This type of Grey is what I believe is being referred to as the "Orange" class of Greys.

They seem to be emotionless (by human standards) and therefore are seen as cruel in their treatment of human beings. They are able to take human lives without any regard for that individual. They apparently can use certain substances of the human body for their sustenance and therefore appear to be carnivorous in regards to humans. (I also read that they extract fluid from some part of the human brain during intense emotional response [fear] and are able to use it like a recreational drug.) It is my understanding that these greys are actually servants to a master race of reptilian-type aliens and are trying to prepare the earth for their arrival by gaining control over the earth through many means. They tend to enjoy the feeling of freedom they have on earth, away from their masters and would desire the help of humans in confrontations with the reptilians...which appears to be a consideration for the near future.

These greys have their best known bases in New Mexico and Nevada but are also known to have bases in many countries of the world.

GREY TYPE B:

Tall Greys from Orion. Usually about 7 to 8 ft. tall (reports often exaggerate their height as being 9 to 12 ft.) with facial feature somewhat similar to grey type A with the exception of the large nose found on type B greys. These greys also have technologies that allow them to perform certain actions that appear "miraculous." These greys are less viscous towards humans than type A greys (but are still considered "hostile".) They tend to influence more through political controls and negotiated agreements with those in power. Their main bases seem to be in the Aleutian Islands. These are the type seen not long ago in Eastern Russia.

GREY TYPE C:

These are the shortest of the greys and tend to be about 3.5 ft. tall. Their facial features are very similar to the Zeta Reticuli greys and are of the same "root race.". They are just as hostile to humans as the Zetas. They are from a star system near the shoulder of Orion called Bellatrix.

GREY TYPE E: Human/Grey Hybrids

One of the main ET projects, now in the completion stage, is the hybrid program. The goal of this project is to produce a being combining the best physical and mental qualities of both races. The following description is of a hybrid female, approximately fifteen years old. Height is five feet, three inches; skin color is pale white/grey. The head is slightly larger and rounder than normal. Hair is dark, high above the forehead, and worn in a very long ponytail. The face is very fine-featured, and attractive. Like all the beings discussed in this paper, her main method of communication is telepathic. This has allowed a deeper understanding of her intellectual and emotional make-up. They consider themselves human, not Grey, in almost all respects. They care about the Greys, as any child would a parent, but find them agonizingly boring. The desire for human contact is greater than all others. Their capacity for emotion is as great, if not greater than, humans. Any physical attribute more human than Grey is a great source of pride. Their intellectual capacity is well above human standards. It is very likely they will exceed the capabilities of both races.

- **GYPSIES**

Several sources refer to the Gypsies as having some connection with the UFO mystery. Other sources suggest a connection with high-tech subsurface kingdoms such as Agharti, etc. The knowledge which the Gypsies allegedly possess of an ancient war, UFO craft, and so on is supposedly a carefully guarded secret among various Gypsy tribes. Some claim to have traced the Gypsies back to ancient India or surrounding regions. The infamous Philadelphia Experiment information source, Carlos Allenda, was allegedly part of a Gypsy

clan with knowledge of past and present "history" on alien cultures which have interacted behind the scenes in Terran affairs. More information [HERE](#).

- **HAV - MUSUVS - (or Suvians)**
 Prominent in Paihute Indian tradition, [the Hav-Musuv](#)s were allegedly an Egyptian or Grecian-like sea-faring race who discovered huge caverns around 3 to 5 thousand years ago within, and later deep beneath the [Panamint Mountains](#) of California. Within these they then established their vast underground cities. When the inland sea (now Death Valley) which connected the ocean in ancient times dried up, they had no way to carry on trade with other parts of the world. As a result of this, according to [Paihute Indian tradition](#), they began to build and fly 'silvery eagles' which became increasingly advanced as time went on. They then evidently established interplanetary and later interstellar travel, exploration and colonization. This huge facility is now operating as a MAJOR Federation base on earth, and possesses huge chambers with differing environmental, atmospheric and even gravitational conditions to accommodate the various visiting Federation dignitaries.
- **HOMINS**
 Homins" is the name given to large, human-like creatures that are reported across the world.
- **HU-BRID**
 'Hybrids' possessing reptilian and human genetic coding yet who possess a human soul-matrix.
- **HYADEANS**
 The Hyades in the [constellation Taurus](#), like the Pleiades and Vega, are said to have been the destination of yet another group of refugees from the ancient Lyran wars.
- **HYBRIDS - Reptilian**
 Since human and reptilian beings are genetically so different in their physical make-up a natural 'hybrid' between the two is impossible. However an unnatural GENETIC alteration, in essence 'splicing' human and reptilian genes, has allegedly been attempted. Even if this were accomplished the offspring would not be an actual 'hybrid' (half human - half reptilian) but would fall to one side or the other. Since reptilians possess no soul-matrix as do humans but instead operate on a 'collective consciousness' level, the 'hybrid' would be human or reptilian depending on whether they/it was born with or without a soul-energy-matrix. In most cases one might tell the difference if the entity had round-pupils as opposed to black opaque or vertical-slit pupiled eyes; or five-digit fingers as opposed to three or four; or external genitalia as opposed to none. This may not always be the rule, especially when the 'chameleons' are considered. Some of the hybrids without souls are 'fed' with human soul-energy in an attempt to engraft an already existing human soul-matrix into the hybrid.
- **HYBRID - GREY**
 The following description is of a hybrid female, approximately 15 years old. Height is five feet, three inches; skin color is pale white/grey. The head is slightly larger and rounder than normal. Hair is dark, high above the forehead and worn in a long ponytail. The face is very fine featured and attractive. Method of communication is telepathic. They consider themselves human, [not Grey](#), in almost all respects. They care about the Greys, as any child would a parent, but find them boring. The desire for human contact is great. Their

capacity for emotion is as great, if not greater than, humans. Their intellectual capacity is well above human standards. Very likely to exceed the capabilities of both races.

- **HUMAN TYPE ALIENS**

- **HUMAN TYPE A:** These are of a genetic base similar to humans of earth. They appear of "normal" height (5-6ft?) and tend to be fair-skinned with blonde hair. These entities have been abducted by the greys or are the offspring of abductees and have been trained by the greys as servants. These entities are totally subservient to the greys.
- **HUMAN TYPE B:** These are aliens of similar genetics to earth humans and also, it seems, of the humans that serve the greys. These are from the Pleiades and are also of the blonde, fair-skinned appearance. This type is of a genuine highly evolved, spiritual, benevolent variety and have a kinship toward humans and are the only aliens to be truly trusted by earth humans at this time. They had at one time offered to be of assistance to earth leaders in dealing with the alien situation here but were rebuffed and so have taken a kind of "hands off" approach for the time being. These aliens are supposedly the forefather race of humankind. These are apparently not on earth much at this time due to serious problems in the area of their home.
- **HUMAN TYPE C:** Very little is known about these. They are supposedly another of the highly evolved, spiritual type of great benevolence to earth humans. I understand that their appearance is similar to other human-type aliens. They are from Sirius and don't appear to be much involved with earth happenings at this time other than being concerned about the Grey scenario. They could desire to be of help to humans.

There are other known human type aliens of this "more highly spiritually evolved" nature that are apparently aware of the situation on earth and considering some possible course of action. These are from Arcturus and Vega.

The following article appeared in the summer 1993 edition (vol. 3 no. 2) issue of UFO Universe magazine.

- **[GROUP A] Non Earth-Born Humans**
This GROUP consists of three peoples from three distinct colony zones, namely Sirius, Pleiades and Orion. Genetically, they are nearly identical to Earth-born humans with the following exceptions. Abductees refer to these beings as the talls. Males average up to approximately seven feet in height; females, six and a half feet. They are extremely fine featured, pale in complexion.

Eyes are almond shaped, slightly slanted with a natural black liner, much like the renderings of ancient Egyptian royalty. There are three hair colors apparently related to colony origin: blonde (Pleiades), red (Orion), and black (Sirius). The insignia of these combined human races is a triangular arrangement of three spheres. This symbol has deep significance, and is found throughout Earth history. History records these beings as goddesses, gods, devas, etc. A subgroup of GROUP A females is in command of most Terran projects.
- **[GROUP B] Earth-Born Humans**
These are Homo Sapiens whose origin is the planet Earth. They can be divided into two separate classes.
 - **[Class A] (Ancient)** - These humans were the companions and house servants of a GROUP A military mining and occupation force. When this force left the Earth sometime between 1,000 BC and 3,500 BC, it was decided to remove all

humans that had been in close proximity with them. It was felt that leaving them would only further disrupt normal human development. Class A humans are on an equal level with GROUP A and cooperate fully in all Earth projects.

- [Class M] (Modern) - These humans are working on the same cooperative level as Class A. They were taken from the Earth in modern times. During some abduction projects, twins (either identical or fraternal) are induced in a female subject. During the first trimester, one of the fetuses is removed. It is then grown to maturity by GROUP A. Abductees will meet their twins during some abductions. Very limited contact has been made by these humans.
 - [GROUP C] Genetically Modified Earth-Born Humans
These humans are comprised of two classes and should not be confused with GROUP D Greys.
 - [Class W] (Workers) - This class is the smallest in physical stature. They are described as approximately three and a half feet in height, large head and eyes, pale white in complexion. These workers were created by GROUP A through genetic modification of Earth human fetuses. Their function is to perform menial tasks requiring limited reasoning abilities. In mental capacity, they are equivalent to a five year-old child. They are incapable of violence and, in some cases, are kept as companions by GROUP A individuals.
 - [Class T] (Technicians) - These humans are basically the same as Class W. they are slightly larger, at approximately four and a half feet in height. Their complexion is tan or yellowish. Their reasoning and deductive abilities are higher. This allows them to perform more complex operations. They are often seen operating ship controls and in transport activities.

Both Classes W and T are telepathically camouflaged to appear as Greys to abductees. This is done to conceal the true nature of GROUP C.

It is felt that perception of GROUP A maintaining a human slave population would hinder future contact efforts.

This point will undoubtedly be a source of much heated debate in the near future.

• IGUANIDS

Approximately 4-5 ft. tall, with 'Iguana-like' appearance yet 'hominoid' configuration. They have sometimes been seen wearing black, hooded 'monk' robes or cloaks which conceal much of their saurian features, which include tails. These have been reported as being extremely dangerous and hateful towards humans and lesser-ranking Reptiloids such as Greys, and like all other branches of the 'serpent' race they utilize black witchcraft, sorcery and other forms of mind control against their enemies. They appear to be a dimension-hopping sorcerer or priest class among the reptiloid species.

• IKELS OR SATYRS

Small hairy humanoids with cloven hoofs which inhabit deep caverns beneath South America and elsewhere. They may be members of a fallen pre-Adamic race which possessed angelic, animal AND humanoid characteristics. Now allied with the reptilians. They have been known, according to natives, to 'kidnap' women and children down through the ages and many stories are told of South American tribes who have battled these creatures with machetes during certain of their forays to the surface in search for women, children or food.

• INSIDERS

Residents, either permanent or temporary, of the various different secret-society-connected top secret-government 'underground installations', bases or colonies throughout the United States and the World. Some of these groups may possess advanced technology enabling them to travel to various other planetary bodies in the solar system. This group is international in scope and may be tied-in with the [Alternative 2 and 3 scenarios](#).

- **JANOSIAN**

This is allegedly a planet on which human beings live or once lived. They apparently arrived on that planet some thousands of years ago according to certain 'contactees', and had all along retained dim memories and legends concerning their ancient home world, planet earth, where their ancestors lived long before their colonization of the planet 'Janos'. They are said to be like Terrans, although somewhat oriental and slender. A group of refugees is said to have left Janos centuries ago in a huge carrier vessel of roughly donut-shaped configuration after an asteroid or meteor shower devastated the surface of their planet, causing a chain-reaction in their nuclear power grid, loosing deadly radiation into the atmosphere and unto the underground tunnels and 'cities' which they had built beneath Janos.

They apparently remembered the star-route back to earth, and the latest reports stated that they were in a high orbit somewhere 'near' the earth and are seeking contact with earth governments to exchange technology for a place to live on (or below?) the earth, in the tradition of the TV series ALIEN NATION. In light of other revelations and lack of confirmation from other 'contactees', this might be a 'staged' Draconian propaganda operation; on the other hand the account MAY be legitimate.

- **JAWAS**

Another group of extraterrestrials has been termed the 'Jawas', after their resemblance to the creatures in the film, Star Wars. This groups is distinguished by their clothing. They wear hoods and robes, are generally short, 3-4 1/2 ft. tall and their faces are concealed by the shadows thrown by their hoods. There has been reports that this species has glowing eyes.

- **KONDRASHKIN**

K-Group, which was short for the Kondrashkin. They have pale skin that had a slight greenish tint and almost no hair. They looked human, and have to bleach their skin and wear wigs. They have been periodically involved with covert projects since the 1940's. Connected to [the Montauk Projects](#) and other [Black Op Projects](#)

- **KORENDIAN**

Humans allegedly living on a colonized planet known as 'Korender'. Perfectly 'human' in proportion yet 4-5 ft. tall on the average. Gabriel Green described alleged contacts with this group in publications during the late 1950's - early '60's. The accounts published by Gabriel Green were rather fantastic, although perhaps no less so than some other accounts. Robert Renaud is one of the main "Korendian" contactees, and he claims that they have a large underground facility somewhere in Massachusetts. The Korendians claim alliance with the Arcturians and are part of a massive collective Alliance of worlds who lean more to non-Interventionism than to direct Interventionism.

- **LEVIATHANS**

Sea saurian 'sea serpents' such as the so-called 'Loch Ness Monster'. Loch Ness has been the site of much occult or paranormal activity including UFO activity, 'Grey' sightings, etc. [Aliester Crowley](#), the Satanist-Illuminist founder of the O.T.O. or [Ordo Templi Orientis](#), claimed to be in contact with 'The Beast' of the Loch. He owned a mansion on the shores of the loch and this same mansion later became the residence of the British occultist Jimmy Page, who not only played with the British Rock group Led Zeppelin but also owned

a large bookstore dealing with witchcraft and the occult. Being aquatic in nature and having lost the use of their limbs via atrophication and mutation, this branch of [the "serpent race"](#) is allegedly used for long-range 'psychic' warfare and occult manipulation of the human race.

- **LEVERONS**

Alien Group that is affiliated with [the Orions](#). Associated to [the Montauk Project](#). Listen to [Mary Sutherland interview John Meloney](#) as he describes these Light Workers, Where they are from, his and his wife's work with them as they learn how to use the human body as a tool to work on this earth plane.

- **LYRAN**

Supposing that the human inhabitants of Lyra (who are said to have a common origin with Terran humanoids) were driven out of that system several thousand of years ago, then it is likely that some of the present day inhabitants of the 'Lyra' constellation may be of reptiloid descent. During the Lyran wars which are mentioned in several 'contactee' accounts, a mass exodus' of humans reportedly left the system and escaped to the Pleiades, the Hyades [which are 130 light-years from earth in the [Taurus constellation](#)], and to Vega which is also in [Lyra](#). This region, like our own system, may still be a 'battleground' between saurian greys and humans.

-

- **MANTIDS**

- Mantids are 4th dimensional beings, (not extraterrestrials) introduced to us by Simon Parkes, who has been part of their family for many lifetimes. The beings are green, with 4 fingers, and are 7 ft. tall. They have been trying to create mantid/human hybrids for a long time, but hybrids do not live past their teens, and it is their minds that go - they actually go crazy. They are more interested in human souls than in physical life itself. They can't affect earth events unless they work through human minds and they do work with super-soldiers. They will offer things to earth-beings and we always have the right to say "No!" We have total free-will with them. They teach by using holograms. You can watch details interviews of Simon Parkes on youtube.com

-

- **MANTIS**

- On board the ships, these extraterrestrials, red colored mantis have been seen. They are meat eaters. They have square jaws rather than the pointed jaws like the little beige bugs we see on Earth.

- **MARTIANS**

Inhabitants of the [planet Mars](#), both human and non-human, including the alleged inhabitants of the two Martian 'moons' (which many believe to be artificially-hollowed asteroids, one of which -- Phobos -- is said to be under the control of the "original" Greys, or self-reproducing Greys which are the "hosts" for the Grey "clones" which operate from various space stations that are disguised as planetoids. (It is from these "carrier" ships that the abduction, implantation, programming, mutilation, infiltration and other projects are carried out against planet earth). It has also been suggested that thousands of years ago the surface of [LUNA](#) and [Mars](#) were much more 'habitable', that the surfaces of these bodies may have been decimated after passing through the asteroid belt or an 'asteroid storm' (consisting of debris which 'may' have been torn from a planet which apparently existed between Mars and Jupiter at one time -- possibly destroyed by a close encounter with another planetary body in the tradition of [Velikovsky's theories](#)). It is believed that ancient 'ruins', possibly thousands of years old, have been seen on both 'planets' and that these attest to such a cataclysm.

-

- NOTE: 4-2-12 - John Lear, in an interview on coasttocoastam.com stated that Big Foot come from Mars. A photograph was taken on Mars that looked like a bigfoot, Photo experts said it was just a rock. We'll have to actually go there to prove that one way or the other.

- **MIB'S**

Also referred to as the 'Men In Black' or 'Horlocks'. These are apparently in many cases humans who are controlled by draconian influences, although other 'MIB' have been encountered which do not seem human, but more reptilian OR synthetic. The 'MIB' have been encountered often after UFO sightings, usually intimidating witnesses into keeping silent about what they've seen (many of the witnesses may be 'abductees' with suppressed memories of the event). Their 'threats' appear to be motivated by attempts to utilize 'terrorism', 'fear' or 'intimidation' as a psychological weapon against witnesses. This 'weapon' may not only be used to keep the human 'MIB' under control, but by the human MIB's themselves.

'They' are often, though not always, seen in connection with large, black automobiles, some of which have been seen disappearing into mountains -- as in the case of one basing area between Hopland and Lakeport, California -- canyons or tunnels or in some cases apparently appear out of or disappear (cloak?) into thin air. Most humanoid MIB have probably been implanted by the Draconians and are essentially their 'slaves'. Bio-synthetic forms possessed by 'infernales' also seem to play a part in the MIB scenario, as do subterranean and exterran societies. Sirius, at only 9+ light years away, has been identified as a major exterran MIB center of activity, with a subterranean counterpart existing in ancient antediluvian 'Atlantean' underground complexes which have been 're-established' beneath the Eastern U.S. seaboard.

These could be considered 'Almost Humans'. Made with animal tissue and depends on a computer to simulate memory. A memory the computer has withdrawn from another human being. The Almost Humans may also fall under the category of the 'zombie' type aliens.

MINTAKANS: FROM POA: NIDLE

Member Name: Star-Nation of Mintaka (formerly part of the Orion League).

Accepted into the Galactic Federation: Three years ago.

Location: One of three bright stars in the famed Belt of Orion (The other two are AINitak and AINilam.)

Distance From Earth: Some 233 Light Years from Earth.

Life Form Type: Primarily an Amphiboid species; a few Reptoid and Dinoid hybrids live among them.

Physical Appearance: In many ways, Mintakans resemble the frogs and toads of Earth. There are, however, some major differences. They are mainly bipedal in stature. Their skin, smooth and hairless, is noted for its iridescent colors, which range from bright reds, oranges and greens, to yellows and browns.

Unlike those of Earth's amphibians, the eyes are

not too bulgy, but are quite large, 'wraparound' and bright red, orange or greenish-yellow in color. The nose consists of two small slits above a very thin set of lips. The mouth, when opened, is very large and frog-like. The ears are two small round circles on either side of the head.

The head is large and seemingly disproportionate to the rest of the body, while the neck seems to be non-existent. The body, arms and legs are very muscular. Toes and fingers are long, thin, webbed and four in number: toes have small claws.

The males, slightly smaller than the females, are between 7 to 8 feet (2.13 to 2.44 meters) in height. The females, slightly larger, range from 7.5 to 8.5 feet (2.29 to 2.59 meters) tall. Mintakans are also noted for a series of three small, thin, interconnected riles that run up their backs and end at the top of their heads.

Special Traits and Abilities: Noted for their great proficiency in psychology, as well as in all methods of mind manipulation. They have a great body of scientific knowledge and vast libraries of inner wisdom that go back over 15 million years.

Average Amount of Sleep Needed: 4-6 hours per day.

Language: Sounds very tonal, but also very deep and guttural.

Mother Ship and Other Craft: Almost mushroom-like in appearance: resemble the large spaceship at the end of the movie "Close Encounters". Vary in size from 50 to 150 feet (15.2 to 46 meters) in diameter. Mother ships are very large, almost 100 to 1000 miles (160 to 1600 Kilometers) across. The larger ones are very self-sufficient and are usually kept only in deep space.

- **MOON-EYES, THE**

A race of peaceable humans some 7-8 ft. tall, with pale-blue skin and large 'wrap-around' eyes which are extremely sensitive to light. They MAY be the same as the large humans allegedly encountered on the moon by our 'astronauts' according to John Lear and others, who in turn were silenced and not allowed to tell what they saw. These people may, according to some accounts, be allied to the 'Nordics' and/or 'Blondes'. They claim to be descendants of Noah who traveled to the Western Hemisphere a few centuries following the deluge and discovered ancient antediluvian cavern systems and ancient technologies

which had been abandoned by the antediluvians in deep subterranean recesses. They have been encountered mostly in deep cavern-systems beneath the general region of the Ozarks-Arkansas and surrounding regions. The only real evidence we have on their existence is an early report of the Cherokee Indians telling of a blue-skinned race that they encountered.

- **MOTHMEN**

Largely subterranean, pterodactyloid-like hominoids with bat-like wings. Sometimes describes as possessing 'horns' and thus are considered very similar to the traditional depiction of the 'devil', according to certain individuals who have encountered them. Although often referred to as 'Mothmen', this title might be a little misleading. These creatures -- which have also been referred to as the Ciakars, Pteroids, Birdmen and Winged Draco -- have been encountered near underground systems near Mountauk Point, Long Island; Point Pleasant, West Virginia; and Dulce, New Mexico. (identical to the Sumero-Babylonian UTUKKI, a demon of the KI GAL or underworld)

- **NAGAS**

Also referred to as the 'Reptoids', 'Reptiloids', 'Reptons', 'Homo-saurus', 'Lizard-men', or the 'Large Nosed Greys'. They play a significant role in the legends of India and Tibet where they are considered by some to be demoniacal residents of a subterranean realm. They are described as being around 7-8 ft. tall and of various colors, grotesque, but most often moldy greenish with scaled crocodilian 'skin'. Allegedly descended from a branch of bipedal sauroids which existed thousands of years ago on earth and via mutation and natural selection developed the brain-body coordination necessary to develop a technology.

Some species still reportedly retain a visible 'tail' although much atrophied from their supposedly extinct' saurian ancestors. Some abductees claim that the "lizard" people resemble a humanoid version of a Velociraptor.

After a reputed battle in ancient times between a "pre-Scandinavian" race from the Gobi region and a Reptiloid race based in Antarctica, the reptilians allegedly lost the battle for domination of the surface world and were driven into underground networks in which they eventually developed aerial and space technology.

- A) The Nagas are said to have appeared at the birth of Gautama Siddharta, who later became "Buddha".
- B) The ancient "well" of Sheshna in Benares, India, is traditionally where the "YOGA APHORISMS OF PATANJALI, a classical guide to students of Yoga, was written." This "well" is said to be an entrance to one of the Naga's underworld lairs.

Sherman Minton states that "Sheshna's well", an alleged opening into the underground reptilian underworld of "Patalas" [consisting of seven worlds or cavern levels], may be seen today in Benares, India, and,

- "...It has forty steps leading down into a circular depression to a stone door covered with cobras. This is said to lead to PATALA, the reptile netherworld legend of the Nagas, the "serpents" which live in extensive underground palaces in the rocky Himalayas. It is believed that these creatures are able to fly in space and that they possess amazing magical powers and intelligence.

They are not too fond of man if he is a curiosity seeker, explorer or mountaineer. According to the sacred(?) tradition of the Hindus, the deep caverns of the Nagas

contain fabulous treasures, illuminated by flashing precious stones. The subterranean abodes are known to be in certain parts of both the Himalayas and Tibet, particularly around the Lake of the Great Nagas - Lake Manosarowar."

- **NORDICS** (Wingmakers?)

Blonde, Blue-Eyed, Angular Faces.

Although Nordics are humanoid and externally almost identical to humans. There are subtle differences in the Nordic alien physiology, and most of them are based on the living conditions that they have grown up in. Their planets are extremely hot and dry, and have a low oxygen content in the atmosphere. They have a larger lung capacity than humans and have a copper based blood in order to carry oxygen more efficiently. The eyes are protected by inner lids and can allow them to see into the ultraviolet range of the spectrum. They have only 28 teeth, as they lack a back pair of molars. Their heads are longer than humans.

The brain case is about .2 mm thicker and the bone is harder. The brain is the same as the human brain as far as structure and size is concerned, except for the midbrain area, where there are functions that allow telepathic and telekinetic skills. It explains the psionic powers of the Nordics. They average about 2 meters in height. Females about 1.7 meters. They have no sweat glands. The skin allows moisture to be drawn from the air as well as moisture to penetrate. The heart beats at around 242 beats per minute, and the average blood pressure is 80 systolic and 40 diastolic. They have extremely dilated blood vessels.

The heart is located where the human liver would be. The cartilage that would protect a human heart extends down 3.5cm further in the Nordic in order to protect this structure. Blood cells are biconvex in contrast to the concave cells of humans. Kidney type functions only allow about half the liquid consumed to be excreted. The rest is evidently put back into the system. Urine is thick with minerals and appears in color and texture to freshly pumped crude oil. Feces are dry pellets with all moisture removed. The adult Nordic can regulate the amount of adrenaline in their body. They have no pineal gland. Nordic females are capable of being impregnated at any time, but the males are capable of impregnation about once a year. The period of incubation is three to five months.

OONKIANS: UPDATE 4-2-12 - This is an insect type - very similar to a 'Preying Mantis' but this type is bright red. I personally saw one of these in a vision when it appeared in my bedroom one afternoon and asked me to draw it's picture. I've tried several times but can't get it's face drawn correctly because it has a square jaw - not pointed like the small insects we normally see outdoors. The Oonkians are meat eaters, but I'm told that humans are not a normal food source. They have been seen by others on board the ships by abductees.

- **ORANGE, THE**

These entities largely converge beneath southern Nevada, northern New Mexico and possibly Utah. Some sources refer to a:

- [1] 'human' race with stalky yellow, red or orange hair, others of
- [2] a genetically-altered, humanoid-reptiloid strain or hybrid. They are often described often as having a humanoid form yet certain 'reptilian' genetic features. They are also said to possess human-like reproductive organs, and possibly (or not) a human 'soul-matrix', and therefore a divergent branch of the human race, or reptiloid race depending on which 'type' of Orange one is referring to. as some accounts suggest there MAY also be
- [3] orange-colored reptilians which possess no soul-matrix. Refer to 'hu-breds and hybrids' Some of the "Orange" allegedly have connections to Bernard's Star. These may also be the Native American's Sitecah or Red Giants. In 1911, miners were digging out layers of bat guano from a cave located about 22 miles southwest of

Lovelock, Nevada, when they happened upon the mummified remains which would have stood 6 1/2 feet tall alive. The mummy was still crowned with 'distinctly' red hair. The ancient legends of the local Paiute Indians described a race of red-haired giants who were the enemies of many Indian tribes of the region .

- **ORIONS**

Orions which come from the stars in the Orion constellation are a group claimed to be working with the government on Black Op Projects. They are very heavily involved in influencing the world population through the use of mind control. They have also been doing genetic work in which they alter a human sperm and ovum to the extent that all offspring will produce hybrids with new characteristics. Humans will mate and create children with alien genetics. That's one step beyond the average abduction scenario.

Some claim that 'negative' entities have been associated with some of the stars in the Orion constellation. Other sources claim that the Orion Nebula is a cosmic 'doorway' to 'infinity' or the realm of the Creator, which transcends the time-space-matter universe. Some astronomers claim that a huge, beautifully-illuminated multicolored 'light' has emerged from the "nebula" and is on an intercept-course with Earth, although at a rather leisurely pace and at this rate this 'light' or 'star' will reach earth approximately 3000 AD (give or take a hundred years). Could this have something to do with the prophecy in Revelation 21? Since the Draconians are attempting to conquer the 'heavens', they may have made futile attempts to enter the 'Eternity Gate' and intercept the emerging 'Light' ('War In Heaven' between Michael and the 'Dragon'?)

This may explain the alleged presence of the Draconians in the Orion constellation, although certain 'human' groups have allegedly become curious of the 'Eternity Gate' as well. The Orion open cluster itself is the base of a joint Reptiloid - Grey empire called the Unholy Six, which has been working out of NEMESIS in an effort to sabotage the human presence in the SOL system. Many of the "planetoids" that have entered this system and have made observable "course alterations" are arriving from NEMESIS and the Orion-Draconian EMPIRE.

PEGASIANS: FROM POA: NIDLE:

Member Name: Pegasus Star League.

Accepted into the Galactic Federation: 3.78 million years ago (They were originally a series of special colonies founded by the Sirian Governing Council some 4 million years ago).

Location: The constellation of Pegasus is a vast cluster of over 1,000 stars, located between the constellations of Cygnus and Aquarius.

Distance From Earth: Between 200 and 3,000 light years.

Life Form Type: There are three major types of humanoids located in this star league. The first type strongly resembles the Sirian human in height and appearance and is divided into the same white and

blue skin types. The second type is a thinner human type with red or orange skin. The final type is a hybrid formed from the dinoid and second humanoid race.

Physical Appearance: The first type resembles that of the original Sirius B humanoid colonists: the men vary from perfectly formed muscular physiques to child-like bodies, and are 6 feet, 6 inches to 7 feet, 4 inches (1.98 to 2.24 meters) in height, with blonde to light brown hair and light blue to green-colored eyes. The women are extremely voluptuous in appearance and are 6 feet, 2 inches to 6 feet, 8 inches (1.88 meters to 2.03 meters) tall. They have either extremely pale white or light blue skin.

The second humanoid type slightly resembles the first in height and/or body types, except for two major differences. First, the skin, as well as the hair, is either a light red or a dark orange in color. Second, the eyes are more cat-like in appearance and the iris is either red or a dark blue. This group originally came from some of the more distant stars in the Lyra constellation.

Webmaster's note: these eyes resemble the animated eyes on the 'Galactic Federation Members' intro webpage.

The hybrid third type has a scaly type of skin with more pronounced cat-like eyes that are either red, brown or pale yellow. The body, legs, neck, and arms are more muscular than a human and have a number of thick vein-like protuberances running their length. Each hand and foot ends in 4 thin, long fingers or toes, with a small claw at its end. The males are some 7 to 8 feet (2.13 to 2.44 meters) in height, while the females range from 6 feet, 10 inches to 7 feet, 7 inches (2.08 to 2.31 meters) tall.

Special Traits and Abilities: The beings from Pegasus are known for their prowess as innovators, scientists, and diplomats.

Average Amount of Sleep Needed: One and one-half to three hours, depending on the species.

Language: There are two types of languages spoken. One is slightly toned and harmonic-sounding, while the other is more guttural and coarse.

Mother Ship and Other Craft: Three types of ships are operating in or near Earth. The first type is a defense ship that resembles a rounded equilateral triangle. Each of its sides is approximately 74 feet (22.56 meters) in length. The second type is a scout ship that is oblong in shape with an average diameter of about 85 feet (25.9 meters). The third ship is a double lens atmospheric command ship that is approximately 1300 feet (402 meters) in length.

- **PHILADELPHIA PROJECT ALIENS**

I refer to them as this because I wasn't given a name for this type of alien. They were detected as one of their ships got caught up and sucked in with the Eldrich, which ended up 40 years , August 12, 1983, later at Montauk. They were about 6 foot 5 inches tall. They were essentially human in appearance. They had dark leathery skin. They had no hair. Where they came from is not for sure..

PROCYANANS: FROM POA: NIDLE:

Member Name: The Procyon star-nations.

Accepted into the Galactic Federation: Some 3.5 million years ago. Initially settled over 3.8 million years ago by colonists from Sirius-B, as well as by Amphiboid-Reptoid hybrids fleeing galactic wars in the Constellation of Cancer.

Location: Just above the star Sirius in the evening sky. The brightest star in the Constellation of Canis Minoris, Procyon is a binary star with only the inner, or A, star having inhabitable planets. The Procyon-A star system consists of six relatively small planets. The human colony occupies the fourth planet, while the Amphiboid-Reptoid colonies are located on the second and third planets from the star.

Distance From Earth: About 11.4 Light Years from Earth.

Life Form Type: Two types of sentient Beings. The first is a pure Lyran-Sirian humanoid type. As on Sirius-B, they are either blue- or white-skinned and are fully conscious. Amphiboid-Reptoid hybrids are slightly taller than humanoids and have green-, brown- or blue-colored skins.

Physical Appearance: Galactic humans of Procyon are typical Lyran-Sirian in appearance and look like typical Earth humans, with two major differences. First, eyes are much larger and appear more alive: color ranges through shades of blue, green and brown. Two smaller ears are attached slightly lower on head. Second, top and rear of head is enlarged to accommodate a larger brain capacity. Like other Lyran-Sirian humans, males are about 6 feet, 6 inches (1.83 meters) to 7 feet, 4 inches (2.24 meters) in height. Well-proportioned females are 6 feet, 4 inches (1.93 meters) to almost 7 feet (2.13 meters) tall.

Amphiboid-Reptoid Beings possess a lizard-like body covered with scaly skin. Bulgy brown, yellow or red eyes are set far apart from very thin ridge-like nose that ends in two small slit-like nostrils. Eyes can move independently of each other. Ears are small 2-inch (5 centimeter) ovals set just behind each eye. Mouth is thin slit that runs from ear to ear. Almost round head is well-proportioned to rest of body. Small, well-defined neck. Very muscular body and appendices. Four thin, nail-less fingers. Three long toes end in long sharp claws. Very small tail looks like bump at base of spine. Slightly larger females range from 7 to 8 feet (2.13 to 2.44 meters) tall. More compact males are 7 to 7 feet, 8 inches (2.13 to 2.34 meters) in height.

Special Traits and Abilities: Noted as avid explorers and consummate scientists. Have led some of the most successful expeditions into previously unexplored parts of this and other galaxies.

Average Amount of Sleep Needed: Humanoids require only about 1-2 hours: Amphiboid-Reptoids need about 3-4 hours.

Language: Humanoid language is very tonal, with few guttural sounds. Amphiboid-Reptoid language is tonal and guttural.

Mother Ship and Other Craft: Mother ship and other craft: Scout craft of Procyon look like either large tear-drops, or like a large beetle, and range from 45 to 200 feet (13.72 to 61 meters) across. Deep space Mother ships are shaped like either huge snowflakes or

enormous jellyfish, and are from 100 to 4,000 miles (161 to 6,440 kilometers) long.

- **REPTILIAN** (DRACONIAN, SERPENT)

According to TAL LeVesque (Jason Bishop):

- Having been within arm length of REPTOIDS, I did get to observe various details. They wore no clothes. But, they did have a "UTILITY BELT", with several unusual things on it. One "device" had a small orange light on it. When this is touched, they simply "disappear". I have quickly moved into the spots where the REPTOIDS were, instantly after they disappear. There was no temperature anomaly in the ZONE. I had expected it to be "cooler" in the area (if they were draining energy to manifest, like happens in various kinds of apparitions). They did change density at times. They made heavy footsteps, in the hallway, on the wood floor. And could walk through the walls. They "glow" an electrical blue/greenish color, like some kind of AURA. The head is similar to the Reptilian Humanoids on the TV Program "BABYLON 5".

The head was more cone shaped, like the "YETI" kind of have. In fact, the REPTOIDS are built like Big Foot. The one has SCALES, the other has HAIR. The Eyes are "slit" SERPENT-like. Very strange, "flame-like" and flickery. Three fingers and an opposing thumb. With claw-like Talons (on fingers and feet). A small tail. Large Scales, like a "Breast Plate" on the chest. The scales were smaller where the body is flexible, like around the elbow. The Scales were like a SNAKE. I guess that is why some call them "The SERPENT Race". The Scales were mostly green to very dark green, on each scale(a variation of color). They are "Telepathic". Very quick thoughts.

IDEAS driven by Images and geometric Impressions. NOT a "linear" form of communication, like words. More, of a Symbol or Image Language. They DO react to your "thoughts". They can "overwhelm" you with DATA (it seems like "thought compression". It can take you a long time to assimilate their "TRANSMISSION" and integrate it. After awhile I "saw" the language, as FRACTAL "Mandelic" Hyper-Spheres or "THOUGHT FORM" constructs, to pass DATA. These sucks are data freaks. Highly Intellectual. Limited Emotional response (Hate, Fear and a "short circuit" Confusion state (mild Panic). You can think or do "the UNEXPECTED" and they do "freak out". So... stay calm and centered. They RESPECT that.

Then they "THINK" you are dangerous. But, if you Fear them, they will taunt your weakness and will DISrespect you. Careful, don't DIS-"REP" them either. They are no better than you. I "glean" they want something WE have. Something in our SOUL Nature. We can "Shift" to Theta "BALANCE" and LINK to the SOURCE. They are TOO far into analyzing. Unbalanced. They like DRUGS like cocaine, opium, Magic Mushrooms and "milking" humans for endorphins.

They can't get INTO your Mind without you having the opportunity to get into their REPTILIAN Brain, too. They KNOW alot about the outward form of creation. They KNOW the "Force"... but, behind that is "The SOURCE". They NEED us, we don't need them.

(But what do they need...Our Vital Source...Our Life Source..Our Soul Force ...Sutherland)

From: [THE DULCE BOOK](#) - CHAPTER 27:

"...[Brazilian] Jefferson Souza claims that the following revelations are from the personal notes and scientific diaries of a scientist who was commissioned by the U.S. Government over a period of several years to visit all crash sites, interrogate captured Alien Life Forms and analyze all data gathered from that endeavor. Eventually this person was discovered to have kept and maintained personal notes on his discoveries and was therefore scheduled for termination [not just "job termination"!]... which he narrowly escaped.

Following 33 years of investigations, he went in to hiding in 1990. Here is some data which this anonymous informant reportedly gathered on [the Reptilian type alien entities](#):

- Average Height: Male - 2.0 Meters; Female - 1.4 Meters
- Average Weight: M - 200 Kilos; F - 100 Kilos
- Body Temperature: M - Ambient Temperature; F - Ambient Temperature
- Pulse/Respiration: M - 40/10; F - 40/10
- Blood Pressure: M - 80/50; F - 80/50
- Life Expectancy: M - 60 Earth Years; F - 23 Earth Years

Cold-blooded like all reptiles, the Reptiloid is found to flourish in a warm, tropical climate [normally artificial... big caves]. With imperfect respiration providing just enough oxygen to supply tissues and maintain the processing of food and combustion, their temperature can be raised only a few degrees above the ambient [this suggests that 'heat' weapons, like flame-throwers and so on, may prove to be very effective and fatal to this species under battle conditions]. The reproductive system is ovouniparous, with eggs hatching in the oviduct prior to birth.

The underdeveloped Reptiloid cerebellum [for faster activities, physical activities] results in a slowness and simpler gait of movement. The Reptiloid eye is composed of thousands of microscopic facets, each facet with its own independent protective lid. The eye is almost never closed entirely during waking hours; rather, sections of the organ are shut down in conjunction with the dominant light source. The reptiloids survived 'hidden' inside the Earth [within] Big Caves Underground.

Additional Information in [The Reptilian Blood Legacy](#)

There are at least 5 types of Reptilians noted by various people. One type is only 4 feet tall green colored and very timid. They would like to come up and mingle with humans, but they know that humans are not ready for them.

Another type, seen on the grey's ships are 9 feet tall, brown in color and states that on the planet Nibiru where he came from, the Reptilians have split into two groups. One group is violent and practices cannibalism of other Reptilians, but another group of these same Reptilians have decided that violence is not the way to live, and have changed spiritually and do not eat other Reptilians nor humans as have been reported at Dulce (see above)

There is a Royal hierarchy of Reptilians. None of these Reptilians look like any photos I've seen on the internet. Their snouts are much longer - not short like the cartoon Geiko, but longer - not quite as long as an alligator.

- **SIRIANS**

The Sirians are usually described as about 6½ feet tall, blond hair cut very short, and blue eyes that have a cat's eye vertical pupil. There has been some discussion as to whether these negative Sirians are part of the Kamagol II group that built the records chamber under Gizeh, but that has not been established. The negative Sirians are considered part of

the Orion group that is playing the domination/control game.

- **SHINING ONES**

Tibetans and American Indians both refer to 'shining beings' they encounter in isolated spaces during secret religious rituals. They are humanoid and 'lit within'. They guard sacred sites on earth, 'holding them in trust for a future of wonders' and are bearers of great wisdom. These may be the counterparts of the Celtic fairy traditions. Some abductees, including Betty Andreasson have reported such beings.

Science fiction writer PHILIP K. DICK* wrote letters at great length beginning in February 1978 referring to encounters with just such shining beings. He wrote half a million words on incidents between him and the light beings over a four year period before his death in 1982. Dick found himself kept awake at night by,

- 'vilent phosphene activity... within my head it communicated with me in the form of a computer like or Artificial Intelligence system like voice, quite different from any human voice, neither male nor female, and a very beautiful sound it was, the most beautiful sound I ever heard... the imposition of another human personality unto mine produced startling modifications in my behavior... Some living, highly intelligent entity manifested itself inside me and around me, but what it was , what its purpose was, where it came from... each theory leaves some datum unexplained...and I know this is not going to change'. I have the impression that a 'master gameplayer and magician and trickster' is involved."

Dick's insistence that it was both another 'human personality and that it had a computerlike voice, supports the theories being presented here. If the shining beings that 'imposed' itself was both a robot and an emissary from a human source, this makes perfect sense.

*** PHILIP K DICK was a very influential writer, so much so that an ANNUAL AWARD IS GIVEN IN HIS NAME. His stories were made into movies such as BLADE RUNNER AND TOTAL RECALL. featuring ACCURATE UFOLOGICAL ELEMENTS.**

STINKY BLOBS (We don't know their real name - Clay Pickering called them "The Conformers") These beings are usually wider than they are tall. Their height is about 5' 6" tall. They can be as wide as 9 feet. They change colors according to moods and thoughts. They seem to be made of something like PlayDoh They move across the floor akin to a inch worm or a slug. The Navy contact said they are 85% silicon and 15% carbon. They do have appendages, but the appendages only show when they are needed to grasp something. The appendages come out of the body in a snake-like form. They do not have a language that anyone has yet learned well. It was said by an abductee who saw them, that they do not communicate with telepathy, but Clay Pickering said his Navy source stated that they did. They make a variety of clicking noises, rather like pebbles hitting an empty bucket, but they seem to communicate more by smell (thats why they are called 'stinky') The have been noted to smell like burnt popcorn, burnt coffee, oil, skunky smell, sulphur smell, and others - not really pleasant. What has been learned so far is that they are extremely religious and have a prophet who told them that Earth was waiting for them to conquer it and take over similar to the Pilgrims and others to follow them who took over America. (Their prophet may be another stinky blob being. We don't know.) The greys have been attempting to

get them to leave the earth space, and right now they are in quarantine by the greys on a secret ufo base on Jupiter. Keeping them in quarantine is difficult because of the noises they make, they can imitate other sounds they hear on the ships. Clay Pickering in New York said during a projectcamelot.org interview that he was contacted by someone in the Navy who has seen these stinky blobs and in a secret meeting, the blobs were orange. On a 'grey's ship' they were blue. The Navy informer stated that Reptilians were working and speaking with the Blobs. Touching them causes burns to human skin. Clay Pickering stated that the blobs wore bio-suits, but on the grey's ships, they didn't need bio-suits. The Navy source stated that these blobs have been around observing, 5 - 6 thousand years since the time of the pyramids and have a base nearby in our solar system. The greys state that the blobs are new to earth and have never been here before. The source says a person has to be modified to be in their presence, and be able to understand what they are saying, but exactly how this is done, we aren't told. It has something to do with some kind of technology. The greys are studying their language. An abductee source saw them on a grey's ship through a glass window. (It sounds to me like Clay Pickering does not have all the facts of what they are like either.)

TALL WHITES

Identified and named by Charles Hall.

In 1965-66, Airman First Class Charles Hall was Range Weather Observer for several gunnery ranges. Hall's job was to release and track weather balloons, measure the "winds aloft", and call in reports to Nellis AFB. . What was unique about his situation was that as he was performing his weather observing duties, he was almost continuously surrounded by a group of extraterrestrials observing him. Tall, white-skinned – Hall eventually dubbed them “the Tall Whites” - somewhat human-looking but clearly not of any known Earthly race of human, the beings would be found in his weather shacks, all over his equipment, even watching him shower in his (otherwise-deserted) barracks, coming and going with complete freedom.

Charles Hall states in his books that the Tall Whites' ships come into Earth's atmosphere only on the full moon when light it brightest on Earth. The come only during the warm months as they can't tolerate cold weather. It is apparent they come here only to repair their ships and allow their children to vacation in the desert sands. They do apparently like to gamble in Las Vegas and they put on human makeup and wigs and dress very covered up and go into the casinos. They are able to pass as strange looking thin, tall humans. They walk with a strange shuffle because they aren't used to the Earth's gravity. They love to walk around Indian Springs and look at the stars because they can't see stars in the sky from their home planet. The Tall White mothers always say that they love their children more than human mothers do. If you

ever meet a Tall White mother, if you say to them, You love your children more than human mothers love their children, she will relax and feel more comfortable with the human. The Tall White women are far more talkative than the men who are all about protection of the family groups.

The military knows they are here and protects them from harm when they are off the base. The ships are kept inside man-made caves made of concrete. Did the military make the caves for them? We don't know.

The Tall Whites have been to the White House in Washington, D.C. and they also work with scientists at Los Alamos. How they travel back and forth is unknown.

This curious feature of his work was apparently never directly discussed with his superiors. Did they know? Of course they did, and they let Hall know that every person who had previously held that assignment had been seriously attacked or at least warned away on threat of death. Over a period of seven years, at least 41 weather observers had been compromised while trying to perform their duties on the Nellis ranges. Some had required hospitalization and were given medical discharges from the air force, and some had been killed. One of them actually deserted the air force and moved away from the area. His buddies covered for him until the day of his actual discharge, when he showed up to sign the papers.

On one occasion the beings even turned on Hall without warning, grievously wounding him in the neck, and leaving him to bleed his life away in the desert dust. In that desperate situation, alone and miles from any human help, Hall found a way to save his own life by using his body weight to press his wound against the soft earth, stemming the flow.

There was an incident where he was shot and left to die by the tall whites who then watched him stage a miraculous recovery was very strange. The message here was "we have power over you and expect you to die but will applaud you if your tenacity and will to live allow you to pull through". It was quite sinister event but Hall just accepts it all and continues his work after his close encounter with death. Hall admits to being hypnotized by the tall whites so it might be expected that some of his recollections may have been programmed into him. So parts of his story may be how the Tall Whites want him and us to think about them.

NOTE: 4-2-12 - It has come to light that another witness to the Tall Whites saw one in California, and it was not 'chalk' white but human colored just like a Caucasian. That was the reason they could

go into Las Vegas and other places we know they have been without being recognized.

TAU CETIANS: FROM POA:NIDLE:

Member Name: The Star Nation of Tau Ceti.

Accepted into the Galactic Federation: Almost 2.5 million years ago. Bear-like mammaloids (the original inhabitants) permitted a human colony from the Constellation of Hercules to settle on their system's fourth planet some 2.4 million years ago.

Location: Closest star to Earth in Constellation of Cetus (the Whale).

Distance From Earth: Approximately 11.8 Light Years.

Life Form Type: Sentient inhabitants are a galactic humanoid and a bear-like mammaloid.

Physical Appearance: Galactic humanoids closely resemble humans from Constellation of Hercules. Three major skin colors: brown (including a copper tone), red, and green (light and dark). Brown-skinned humans have light brown to copper-colored hair, or black to red-orange hair. Eyes range from greens and blues to browns and grays. Males are very well-proportioned and 7 feet to 8.5 feet (2.13 to 2.59 meters) tall. Women range from just over 6.5 feet to almost 8 feet (1.98 to 2.40 meters) in height. Green-skinned humans have light green to blonde or brown hair with green, hazel or steel-blue eyes, and are the same relative heights as brown-skinned humans. Red-skinned humans have red, orange or blonde hair with red, brown or dark blue eyes, and are also the same size as the other two types of humans. In all cases, females are quite buxom.

Bear-like mammaloids of Tau Ceti are huge, furry Beings with small furry tails and bear-like bodies covered in brown, black or blonde fur. Heads are bear-shaped but with a smaller muzzle. Teeth resemble those of a galactic human rather than of an Earth bear. Eyes are set forward and, like those of humans, are brown, blue or black. Ears, at the side of the head just above the eyes, resemble those of Earth's bears. Highly sentient Beings walk on two legs, hence have a higher center of gravity than bears on Earth. Two muscular arms with paw-like hands containing five stubby

claw-laden fingers. Very muscular legs end in very short feet with five stubby toes. Range in height from 9 to 12 feet (2.74 to 3.66 meters).

Special Traits and Abilities: Known for their abilities to design some of most advanced ships in Galactic Federation's exploration fleets. Also considered some of best pilots and navigators in galaxy.

Average Amount of Sleep Needed: Average amount of sleep needed: Both species require only 1 to 2 hours per day.

Language: Human language is very guttural, like German or Arabic. Bear-like Being's language sounds similar, but is deeper and more guttural.

Mother Ship and Other Craft: Scouts are huge, diamond-shaped, plasma craft about 200 to 250 feet (61 to 76.2 meters) long. Mother ships are usually the command ships of Galactic Federation exploration fleets. They look like a series of multi-layered blood cells in stacks of 20 to 50 cells, and vary from 4 miles to 44 miles (6.44 to 70.84 kilometers) in diameter.

- **TEROS**

Source: 1996 Nuwaubian Calendar, "Extraterrestrial Amongst Us"

The Teros, which is short from integrative or constructive, are a subsurface race that usually keep the Deros in check. The Teros, were the original tribe of the Lunarians who came to this planet to dwell beneath the surface of the Earth. They are referred to as the Sunaynans, meaning "The Yearly Ones." The Deros were for disagreeable people and the Teros, were for agreeable people. Their chief is named Laamsa ([right photo](#)). The Teros came from the planet Jomon in the star constellation Arcturus which is in the Bootes constellation. Arcturus, the red giant, the fourth brightest star in heaven is where much mixing took place. The Sunaynans have 48 chromosomes instead of the normal 46 that Earth people possess.

The Tero's chromosome structure is so different from Earthlings that when mixed with certain humans, it caused a defect of 47 chromosomes which today is called "Down's Syndrome." Their children are usually born with breathing defects as well as congenital heart disease and they also have poor digestive systems. Their immune system is unable to function properly and they are more apt to developing leukemia.

The Teros that have an abundance of pigmentation in their skin are descendants of the Shuyukh. Those who are lacking pigmentation are descendants of the Halaabeans,

Flugelrods or Hulub. The Teros bored further into the Earth and were able to keep their sanity. Because of cross-breeding, the Teros took on different forms. Some look so human they can come to the surface and not be noticed.

- **VENUSIANS:**

The word "Venusian" is simply a combination of the name of the planet Venus and the suffix -ian, formed on the analogy of "Martian" (as if = "Marsian"). It is usually pronounced [/vɪˈnjuːzən/](#) or [/vɪˈnjuːfən/](#). Based on the latter pronunciation, the spelling "Venutian" is sometimes found.

The classically correct form of the word should be "Venerean" or "Venerian" (cf. [Latin](#): *venereus*, *venerius* "belonging to the goddess Venus"), but these forms have been used by only a few authors (e.g. [Robert A. Heinlein](#)). Scientists sometimes use the adjective "[Cytherean](#)" to describe Venus, from the goddess' epithet Cytherea.

Many supposed [contactees](#) of the 1950s such as [George Adamski](#) ^[2], [Howard Menger](#), and [Luis Fernando Mostajo Maertens \(2008 Earth Transformation Conference\)](#) have claimed to have encountered [friendly human-like](#) Venusians. These beings were often described as [blond-haired Nordic-like humanoids](#).

One issue with this alleged humanoid habitation however is that Venus has subsequently been scientifically shown to have an extremely hot climate, apparently non-conducive to life and seemingly in opposition to the ideas of a life-friendly aquatic Venus more common in the 1950s. Luis Fernando counters this by explaining that the method by which they inhabit the planet is [subterranean](#), in highly controlled environments involving holographic skies and extremely advanced technology.

- **ZOMBIES**

Humans with [alien brain implants](#) programmed to help overthrow Mankind in the NEAR FUTURE.

THE INCIDENT at GATE 3 REMAINS CLASSIFIED.

IDENTITY OF THE ALIEN: The name of the creature involved in "The Gate 3 Incident" was an Archquloid.

A-R-C-H-Q-U-L-O-I-D

The alien is described as one of the "Big Nosed Grays." It was a 5' 6" tall, gray or tan being with large, black, slanted eyes and a mushroom-like head, with four (4) long fingers. They have yellow

eyes with vertical pupils and very large, beaked noses. They are genetically engineered by the Ebens [cloned?] and were given to the U.S. Government for observation/examination/study by the Ebens.

VISITOR HOUSING: This particular Visitor lived in "The Bubble" officially known as "The Clean Sphere" located between Levels 2 and 3 of the 8-level S-2 facility at Area 51. If memory serves me right, there were 12-15 compartments within "The Clean Sphere" or "Bubble" which was located at the south end of the S-2 facility.

Both the Archquloid and J-ROD lived in two (2) of the 12-15 compartments marked "Visitor Containment." Victor, it's important to note here that J-ROD and the Archquloid creature were NOT one and the same and that the claims made by some that they were are just plain WRONG. The Archquloid escaped, NOT J-ROD.

What we speculate is that because the Archquloid had to live its primary existence in "The Clean Sphere" and could only spend a minimal amount of time in our atmosphere, that an OVER-exposure to our atmosphere somehow affected its sanity and intellect. Furthermore, it caused the creature to become delusional, disoriented and lose its mental faculties for sound reasoning, analysis and judgment.

In street parlance, it "lost its mind" or was of unsound mind which accounts for his escape from the high-security "Clean Sphere" facility and the resulting homicide of the security guard.

The Ebens showed us creatures they created. Yes, they can clone almost any living tissue into a creature via a method called "rapid-cycle cloning." JROD was a creature created by the Ebens. He was intelligent, contained a brilliant mind and was able to adapt quickly to our environment.

The second creature -- the Archquloid -- was primitive. The second creature was a form of a slave. It could be controlled, given orders and was safe, or at least we thought it was safe. The second creature was controlled by a "BRAIN CHIP," and was functionally controlled by a little black box.

The Ebens provided this creature to us for medical experiments. JROD became frustrated with our efforts to control this creature. The Archquloid creature was able to fully communicate telepathically with JROD. At some point, the creature expressed a desire to be free. JROD released the creature and thus we had "The Gate 3 Incident."

After the incident, JROD was placed in a secure confinement [containment] facility. The Archquloid creature -- which survived the shooting and once medically healed -- was placed inside a more secure facility and restrained by a system provided to us by the Ebens.

The creature died about one (1) year later from a mixture of the trauma associated with the shooting incident and his brain activity, which simply failed.

After this incident, JROD was never fully trusted again. He was under strict control at all times. His mannerisms changed. His mood changed because of the increased detention. JROD, although gentle, was upset over these new measures.

The word "Archquloid" was coined by A51 [Area 51] scientists to classify each different alien race. We knew of five (5), all given to us by the Ebens. We developed other names for each race especially for the "Archquloid" who was the creature shot in the Gate 3 Incident.

The Ebens cloned other races of aliens. As one of my other colleagues recently wrote and told you, it is really an incredibly complex story. But the Archquloid was a CLONED BIOLOGICAL ENTITY [CBE-1], created by the Ebens. It would take hundreds of hours and thousands of pages of written clarifications to explain it all neither of which I am prepared to do.

The QUADLOIDS were also genetically created by the Ebens. The Quadloids were cloned from two (2) other species. So, as you can see, it really gets very complicated hence my reluctance to delve into it too deeply.

Regarding your question as to the number of "S-level" facilities at Area 51: I can only tell you that there are nine (9) such levels within the S-2 facility at Area 51. As to what is done on each level and at each facility, I don't want to disclose that highly classified information as it could very well compromise the security of the base; our group was unanimous on this issue.

In only the most general of terms, there are nine (9) levels at the S-2 complex. They are:

Level 1: Administration

Level 2: Containment for Visitors

Level 3: Open storage and work sites for Visitor Crafts

Level 4: HAZMAT Containment Rooms

Level 5: Propulsion System Testing and Experimental Station-APS

Level 6: Secondary Containment for Visitor Crafts

Level 7: Vaults- Storage sites for Visitor's gifts [referenced in SERPO

Level 8: Storage site for Visitor's High Energy Devices

Level 9: Not used, at least through 1995

No one has mentioned the poor guard. The examination of the scene revealed the guard was imploded. The Archquloid had a hidden weapon in [on?] his body. The weapon, which was recovered and locked up, contained a form of an energy-directed beam. The beam struck the guard's body and imploded it.

The largest piece of a body part left was about the size of a quarter. **ONE EYEBALL WAS FOUND INTACT.** The Archquloid lived for about one (1) year after it was shot, but it was in constant pain since our doctors couldn't adequately and effectively treat all of his problems.

According to the information we developed from the Archquloid, which appears in the 300-page report, the guard threatened him and he killed the guard in self-defense. The investigation revealed the guard's handgun (Colt .45 automatic) was **NEVER** fired.

The gun was not destroyed, which brings up another interesting point. If the guard was threatening the Archquloid with a gun, **WHY DIDN'T** the Archquloid destroy the weapon? As you can see, there are many Unanswered questions. In closing, the OSI Special Agent fired six (6) shots, striking the Archquloid four (4) times. The Agent fired from a distance of 165 feet, which is really outstanding shooting.

-VICTOR: This particular "VisItor" was suffering from a medical [mental/emotional] condition. Consider the following:

- this creature came to this planet from another solar system;
- traveled about 38 light years [38.42];
- was locked up in a special containment housing complex;
- was shocked by our civilization and our culture;
- was not allowed to leave;
- was under strict compliance controls (metal straps that shocked the creature when it tried to leave or did not comply with our instructions), and;
- was unable to communicate in our language.

It was probably suffering from PTSS [Post Traumatic Stress Syndrome]. What a shock! This is the same type of shock felt by our

12 Team Members enroute to Planet SERPO in 1965. The creature recovered from its gunshot wounds inflicted by the OSI agent. But it later died, about one year later.

CATALOGUED ALIEN SPECIES and THEIR CELESTIAL ORIGINS:

VICTOR: Regarding your question as to where some of the aliens come from, here is the complete list of the alien species the U.S. Government knows of and has catalogued:

- 1) Ebens = Planet SERPO in Zeta Reticuli**
- 2) Archuloids = Planet PONTEL near the Cygnus Arm**
- 3) Quadloids = Planet OTTO in Zeta Reticuli (genetically engineered "praying mantis" and lizard-like creatures created by the Ebens)**
- 4) Heplaloids = Planet DAMCO near the Cygnus Arm**
- 5) Trantaloids = Planet SILUS in Zeta Reticuli**

[NOTE: SOME of the above appeared in "Project SERPO" POSTING #19]

NOTES: Both planets DAMCO and PONTEL are in the Milky Way near the Cygnus Arm.

° **DAMCO is from a solar system which contains 11 planets and it is the fourth (4th) planet out; it's size is a little bigger than that of Earth.**

° **PONTEL comes from another solar system entirely with a sun just about the size of ours. PONTEL is the fifth (5th) planet out and just a little smaller than ours.**
